"Hot Wire is a hip, funny, serious and suspenseful novel that brings the great tradition of grifter noir into the present day with the excitement and urgency of the activity its title refers to. Emma Martin is the coolest protagonist crime fiction has produced in a long time." - Barry Graham, author of When It All Comes Down To Dust From the author... "Hot Wire is a head-on collision of noir crime and political conspiracy thriller, a high-speed joyride through the west coast underworld of organized car theft, drug smuggling and blacker-than-black covert operations. "It should appeal to the conspiracy nexus and fans of crime fiction in general; and anyone looking for female characters with more teeth than your average Twilight heroine should definitely check out Emma Martin, the impulsive teenage car thief in Hot Wire. "Like my first novel, Phase Four, Hot Wire is an excursion into the paranoid territory of the New World Order where conspiracy theory meets chaos theory with explosive results. This is adrenaline entertainment for the 21st Century." Popular Science gives our readers the information and tools to improve their technology and their world.
