This series answers many questions for kids with answers from the Bible. A complete life science curriculum for K-2nd graders. The lessons feature beautiful color pictures, age-appropriate activities, worksheets, Scripture learning, writing practice, and more. Fun and easy-to-use, the God's Design Series - for Beginners curriculum is ideal for anyone who wants their children to understand creation from a solidly biblical basis. The World of Plants: Explore the amazing variety of plants that God created! Learn about the parts of plants and flowers and how plants get energy and grow. The hands-on activities make learning about plants fun, and the focus on biblical creation will help establish children in their faith. Get ready for adventure as you discover the world of plants! The Human Body: The human body is an incredibly complex wonder, created by God! Learn about the amazing functions of each system of our bodies. As children learn about human anatomy they will understand that they are created in God's image. The hands-on activities make learning about the human body fun, and the focus on biblical creation will help establish your student in their faith. Get ready for adventure as you discover the human body! The World of Animals: Explore every facet of the animal kingdom God created! Discover how each animal was created to be unique, from cuddly mammals and slimy frogs, to jellyfish, butterflies, and bacteria. The hands-on activities make learning about animals fun, and the focus on biblical creation will help establish children in their faith. Get ready for adventure as you discover the world of animals! D is for Dinosaur is a proven resource that makes learning the Bible fun. This revised classic from Ken and Mally Ham shares biblical insights of Noah's Ark and the Genesis Flood to a new generation of families. Inside a parent or teacher finds all that's needed to share the basic truths of the Gospel from A to Z, and to expand that teaching through detailed instructional tips and structured learning. The entertaining ABC rhymes and humorous illustrations will truly engage young children, while the text shares God's Word in an "easy-to-learn" style. The flip-top format is arranged so that the colorful rhyming page faces the child while the back features a short scripted lesson with vocabulary words, questions, review, and narration exercises. 26 lessons are included with a lesson for each letter of the alphabet. Perfect for every Christian education venue, including homeschool and Sunday school. 84 pages, flip-top spiral bound, hardcover. Fold-out bottom allows for the book to be stood up. D is for Dinosaur is part of a series by Ken & Mally Ham that includes A is for Adam. A truly special "first Bible" for children, from the president of Answers in Genesis, the world's largest creationism ministry, My Creation Bible is a must-have. Ken Ham, the country's most in-demand creationist speaker, has crafted a book near to his heart: a lavishly illustrated, biblically faithful text for children. Ham, known for his dynamic presentations, writes in delightful verse, and explains difficult passages in a thoughtful way. Teaching young minds that early Genesis is not only real history, but a look forward to God's beautiful restoration, Ham and Taylor bring the Bible to life, My Creation Bible is a one-of-a-kind Bible that parents and grandparents will be overjoyed to present to the special little ones in their lives. There's no mistake...God is seeking you. Friends, teachers, and the world

in general will tell you that Christianity and faith is a lie. Atheism and Eastern religions are more fashionable. The culture tells you to look and act certain ways or people will think you're a loser or weird. If you say you believe in God, you can expect people to be in your face, doing their best to tear down God, the Bible, and your belief in Christ. By now, you may even have a few doubts - everything seems so crazy and pointless, how can you believe God really does care about what is going on with you? Or if God is in charge of this chaos called life? You aren't the only one with questions! Find great answers to 15 popular faith questions and discover why the world is such a mess, why you can believe in Christ, and why God wants a relationship with you! For ages 13 to 17 Big Step is the second book in GC's Steps Series. It is recommended for ages 4 and 5. It's daily practice in the three R's. Students will practice with sight words and a modernized McGuffey Primer as well as make progress in math and writing. Children will identify numbers and count to twenty as well as use counting and a number line to add and subtract. Pre-handwriting skills will be taught with tracing and a variety of activity pages. There are 180 days' worth of reading and activities. "As you take God's Word and apply its eternal principles to the everyday issues you face with your family, you will begin to create a godly heritage - a legacy that will impact that generations to come in ways you never dreamed possible." -Ken Ham

Christian families are struggling in a culture hostile to Christian values, and increasingly find themselves searching for answers and strategies to be more effective. Parents also face a disturbing trend of young people leaving home and leaving the church - and want to insure their children have a strong foundation of biblical faith and understanding. Discover how to create an incredible faith legacy in your family! Raising Godly Children in an Ungodly World presents empowering insight for: Surviving the culture wars as a family Educating children - the Bible offers guidance Practical tips for raising spiritually-healthy children Solutions to the root cause of dysfunctional families Discovering biblical authority as a parent Discipline - necessary and lovingly administered Ken Ham is joined by his brother, Steve Ham, in presenting this powerful look at how the principles and truth of Genesis are vital to the strong and lasting foundation of a family. Sharing their own stories of growing up in a "Genesis" family and sharing this legacy within their own families, it is an intensely personal and practical guide for parents. BIG BOOK OF HISTORY Learning Just Became BIG FUN! Families, schools, and churches can unfold 15 feet of the most interesting history of the world. This easy to follow, color-coded, multi-stream timeline teaches six thousand years of world history to children ages seven through thirteen. These exciting facts and so much more wait inside: who were the first emperors of China and Rome what discovery unlocked the secrets of a forgotten language how modern robotics had its roots in the tea dolls of Japan where Christians faced death for the entertainment of thousands why the languages of Greek and Hebrew were used to write the Bible and how the Age of Discovery meant wealth some, and the destruction of civilization for others. Understanding how the past has shaped our future will inspire young learners to make history for themselves! It's easy to say we trust Christ for everything, but are we living that truth? We've been given clear instruction in a powerful promise for parents. God tells us in Deuteronomy to "teach our children diligently." This passage and many others give us great insight as to how to do that and enjoy the promised blessing that always accompanies the mandates we are given. Learn the practical view of discipleship parenting, what God expects from parents, and how to put these truths into action See how parenting with the vision of teaching them diligently will intentionally bear fruit and affect change in your own life as well Move beyond giving lip-service to what you believe, and make the conscious choice to rely on the wisdom of God's holy instruction for your life and parenting. So, why are we as Christian parents still uncertain? Why do we live in fear? Why are we losing our children in record numbers? What can we do about it? In this easy-to-read book, Ken Ham gives us a primer in Creation science evangelism using two very different sermons from the book of Acts that were designed to reach two different audiences - the church and the unchurched. Jew and Gentile - to effectively reach the lost. Outlines the social and moral consequences that modern culture's war on the Bible is having on society Provides helpful insight into understanding how to evangelize to young people Offers guidance on how to ensure churches are properly equipping their members to defend their faith This book was created to help teachers as they instruct students through the Master's Class Chemistry course by Master Books. The teacher is one who guides students through the subject matter, helps each student stay on schedule and be organized, and is their

source of accountability along the way. With that in mind, this guide provides additional help through the laboratory exercises, as well as lessons, quizzes, and examinations that are provided along with the answers. The lessons in this study emphasize working through procedures and problem solving by learning patterns. The vocabulary is kept at the essential level. Practice exercises are given with their answers so that the patterns can be used in problem solving. These lessons and laboratory exercises are the result of over 30 years of teaching home school high school students and then working with them as they proceed through college. Guided labs are provided to enhance instruction of weekly lessons. There are many principles and truths given to us in Scripture by the God that created the universe and all of the laws by which it functions. It is important to see the hand of God and His principles and wisdom as it plays out in chemistry. This course integrates what God has told us in the context of this study. Features: Each suggested weekly schedule has five easy-to-manage lessons that combine reading and worksheets. Worksheets, quizzes, and tests are perforated and three-hole punched — materials are easy to tear out, hand out, grade, and store. Adjust the schedule and materials needed to best work within your educational program. Space is given for assignments dates. There is flexibility in scheduling. Adapt the days to your school schedule. Workflow: Students will read the pages in their book and then complete each section of the teacher guide. They should be encouraged to complete as many of the activities and projects as possible as well. Tests are given at regular intervals with space to record each grade. About the Author: DR. DENNIS ENGLIN earned his bachelor's from Westmont College, his master of science from California State University, and his EdD from the University of Southern California. He enjoys teaching animal biology, vertebrate biology, wildlife biology, organismic biology, and astronomy at The Master's University. His professional memberships include the Creation Research Society, the American Fisheries Association, Southern California Academy of Sciences, Yellowstone Association, and Au Sable Institute of Environmental Studies. Step back in time and explore one of the best-known biblical events at the Ark Encounter! Be transported back in time to meet Noah and his seven other family members, who lived aboard the Ark and cared for all the animals during the Flood. See what their living quarters may have looked like, what they could have brought on board, and even what kinds of clothing they wore. At 510 feet long, 51 feet high, and 85 feet wide, Noah's Ark stretched an American football field and a half long. The Ark built in Kentucky is the largest timber frame structure in the world, built from standing dead timber, in part by skilled Amish craftsmen. It is an architectural and engineering wonder containing three decks of world class exhibits. Whether or not you have visited the Ark Encounter, this book will guide you step-by-step through this faith-affirming wonder. Many of the animals that lived during Noah's lifetime didn't look much like the animals we see today. Prepare to have your expectations challenged by a host of incredibly lifelike sculpted animals, along with exotic live animals from around the world in Ararat Ridge Zoo. Plus, you'll learn how Noah could have cared for all the animals and how the Ark was big enough to fit them all on board. See what is being called the "eighth wonder of the world." Over 300,000 visitors from around the world have visited the Ark since its opening in July of 2016. Words used to describe the Ark Encounter: Huge! Impressive! Bigger than imagined! Breathtaking! Beautiful! Amazing! Have you ever seen a thylacosmilid, entelodont, or chalicother? These are just a few of the unfamiliar animals you can see and learn about in the Ark! Drawing on linguistics, archeology, astronomy, the Bible, and other history, Dr. Ruth Beechick writes an enlightening and entertaining history of Adam and his offspring. This fascinating foray into the world of homeschooling discusses the benefits of home education to mind, body, and soul, while addressing such issues as socialization, academics, and spiritual training. Original. So He destroyed all living things which were on the face of the ground: both man and cattle, creeping thing and bird of the air. They were destroyed from the earth. Only Noah and those who were with him in the ark remained alive. Genesis 7:22-24 Could a ship be constructed that would be able to survive the global flood described in biblical book of Genesis? Could it be built without the modern techniques of today being available to Noah? This groundbreaking book answers both of these questions with a resounding "yes"! Join naval expert and mechanical engineer Tim Lovett in "thinking outside the box" as you consider groundbreaking research in this innovative new study on Noah's ark. Lovett builds on traditional research into this historic event using the latest techniques in computer modeling and testing. Includes insight and context by pioneering creationist researcher, Dr. John

Whitcomb. Unveils a new ark design based on biblical information and shipbuilding principles Beautiful illustrations and photos reveal facets of design and construction techniques Remaining faithful to the biblical dimensions, Lovett's updated design, similar to that of ancient sailing vessels, is based on established principles in ship design and cutting-edge research. He reveals a feasible ark design, explores the impact of flood waters on the vessel, and provides remarkable insight and analysis into the skills and techniques needed to construct it. In this series, the books of the Bible are taught in chronological order (from Genesis to Acts) rather than in the order they appear in the Bible, so students can comprehend the flow of Bible history. Each workbook contains helpful exercise questions and map work as well. Teacher manuals for Books C-H are available. Book G covers the Gospels. Grade 6. NATIONWIDE POLLS AND DENOMINATIONAL REPORTS ARE SHOWING THAT THE NEXT GENERATION IS CALLING IT QUITS ON THE TRADITIONAL CHURCH. Nothing captures the attention of young people (and adults) like a creative object lesson. This hands-on book gives pastors, teachers, speakers, and homeschoolers 77 exciting science activities that reveal the order and grandeur of creation and encourage an appreciation of all God has made. These easy experiments illustrate the laws of nature, teach Bible principles, and affirm God's power as Creator. With catchy or unexpected results, the demonstrations make Bible truth unforgettable. The clearly explained experiments use common household objects, require little setup, and are illustrated with pictures and diagrams. The sermons of Charles Haddon Spurgeon were the pinnacle of preaching in mid-nineteenth-century England. They are still powerful and widely influential today. This five-volume set is a compilation of Spurgeon's best sermons, covering topics from Israel in Egypt and confession of sin to justification by grace and Paul's first prayer. Originally published in ten volumes in 1883, it is now a five volume set with two volumes in each book. An immensely respected leader in today's homeschool movement, Dr. Ruth Beechick encourages families to center all aspects of their children's learning on God's Word in A Biblical Home Education. Beechick begins by showing how the subjects of worldview, science, and history have been pulled apart from the Bible and how they can be sensibly reconnected. In the author's words, "Since the fear of the Lord is the beginning of wisdom, that anti-God teaching can lead only to foolishness." Also included are chapters on thinking, reading, writing and study skills, learning methods, curriculum tips, and extensive teaching helps. The vital resource for grading all assignments from the Advanced Pre-Med Studies course, which includes: The fascinating history of medicine, providing students with a healthy dose of facts, mini-biographies, and vintage illustrations Insight into how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ. OVERVIEW: From surgery to vaccines, man has made great strides in the field of medicine. Quality of life has improved dramatically in the last few decades alone, and the future is bright. But students must not forget that God provided humans with minds and resources to bring about these advances. A biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury. The evolutionary worldview can be found filtered through every topic at every age level in our society. It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions. This dynamic course helps young people not only learn science from a biblical perspective, but also helps them know how to defend their faith in the process. FEATURES: The calendar provides lesson planning with clear objectives, and the worksheets and quizzes are all based on the materials provided for the course. Genesis Curriculum was created to allow families to learn together with ready-to-go lessons that make learning easy and fun. Genesis Curriculum takes a book of the Bible and turns it into daily lessons in science, social studies, and language arts. Daily lessons also include reading a portion from the Bible, practicing a weekly memory verse, discussing a thought-provoking question, and learning a Biblical language. The fourth book in our series is the Book of Acts. This book continues with Greek. Find the Acts course descriptions on our site on the Genesis Curriculum page under Our Curriculum. Based on the amazing Answers Book for Kids series, with answers to over 100 of their most difficult questions! This course features a four-day schedule, Monday through Thursday, but is easily adaptable to most any educational calendar. This apologetics study for upper elementary children delves into issues regarding the Bible, God, sin, dinosaurs, the Flood of Noah, salvation, astronomy, and more, and is all based on actual questions asked by kids. Answers are important. If children aren't given answers to their questions about the Bible and the history it reveals, they

cannot defend their faith against a fallen world. The course highlights the unique collection of question-answer books from Ken Ham and the creative team at Answers in Genesis to meet this need and helps kids focus on Scripture memorization and faith-building truth. The Bible verses quoted in the Answers Book for Kids series are from the New King James Version, though kids are encouraged to write out their daily verses in the version they use each day. The Answers Book for Kids 1: The story of Creation and Adam and Eve in the Garden of Eden are familiar Bible stories. But they also present a wonderful opportunity to share important biblical truths with eagerly questioning minds through answers that even the youngest believer can understand. The Answers Book for Kids 2: Dinosaurs are fascinating creatures that kids simply adore, and even the youngest believer can recite the biblical story of Noah and his ark. Now discover how to answer some of kids' most interesting questions about dinosaurs and Noah's ark. The Answers Book for Kids 3: Even adults struggle to understand our Creator - the infinite Being who seeks a personal relationship with each of us. Now children can begin to understand both God's Holy Word and the importance of Him in their lives - what He expects from them, why it is vital to follow His plan for their lives, and the love He has for them. The Answers Book for Kids 4: At the heart of the Bible is the theme sin, salvation through Christ, and guidance for living the kind of life that honors our Creator God. Since Adam and Eve chose to disobey in the Garden of Eden, questions about sin, salvation, and the Christian life have faced humanity, so turn the pages to find the answers. The Answers Book for Kids 5: When kids look up at the stars in the night sky, they will always have questions! Take this amazing opportunity to share some of God's answers and help strengthen their faith. The Answers Book for Kids 6: Kids may know the biblical account of the Tower of Babel, but there is more to this important event than just the confusion of languages. And they may have heard of the Ice Age, but it seemed confusing. Provides answers from the Bible to twenty questions about space and astronomy. Christians live in a culture with more questions than ever - questions that affect one's acceptance of the Bible as authoritative and trustworthy. Now, discover easy-to-understand answers that reach core truths of the Christian faith and apply the biblical worldview to a wide variety of subjects. The story of Creation and Adam and Eve in the Garden of Eden are familiar Bible stories. But they also present a wonderful opportunity to share important biblical truths with eagerly questioning minds through answers that even the youngest believer can understand. Look inside to learn: How did God create everything from nothing? Why was the first person that God created a boy? Why did God have Adam name the animals? The serpent talked to Eve, so why can't snakes talk today? Children are never short of questions - and now there are answers to some of their most difficult ones regarding the Bible and faith! The new Answers Book for Kids series is a unique collection from Ken Ham and the creative team at Answers in Genesis. These answers will help you to impart a Biblical Worldview to Elementary aged students in your Church or Homeschool. This is the 1st book of a 4 volume set. Discover how many evangelical leaders, willingly or unwittingly, are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old/universe of billions of years unlocks a door of compromise Heed the wake-up call to the Church to return to the authority of God's Word, beginning in Genesis. Today, most Bible colleges, seminaries, K-12 Christian schools, and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history. They try to fit the supposed billions of years into Genesis, and some teach evolution as fact. Our churches are largely following suit. Ken Ham, international speaker and author on biblical authority, examines how compromise starting in Genesis, particularly in regard to the six days of creation and the earth's age, have filtered down from the Bible colleges and seminaries to pastors—and finally to parents and their children. This erosive legacy is seen in generations of young people leaving the Church—2/3 of them. Get the facts, discover God's truth, and help bring a new reformation to the Church by helping to call it back to the authority of God's Word. In this panorama of world history from 4004 BC to AD 29, you will explore creation, the Flood, the Tower of Babel, and the rise of civilizations from Mesopotamia to Rome. You will see God's purposes worked out through His chosen people, Israel, culminating in the birth of the Messiah, Jesus Christ. "In this volume, the author offers an exploratory analysis of the history of homeschooling in the United States, current curricular practices, religious and political rationales for homeschooling, a critique of the claims by homeschooling advocates that the practice leads to greater efficiency and effectiveness, and what homeschooling and individualistic-oriented

approaches mean for society. Teaching the next generation at home is, with little doubt, the oldest form of educating children. Yet, this simplistic understanding of "homeschooling" does not adequately capture the growth of homeschooling as a practice in the 21st century nor is it a widely accessible form of "school choice" for most families. While many parents keep their children out of formal schooling - public and private - for myriad reasons, what is clear is that homeschooling is the epitome of a conceiving of education as an individualistic good - a commodity - that can, or should, be done outside of a conception of the common good, a reasonable understanding of teaching as a profession, and the elevation of ideological echo chambers of information which can have deleterious impacts on the students who are homeschooled and society, broadly"--

The Genesis Curriculum Answer Book contains the answer keys to the activities in the **Genesis Curriculum Workbook - The Book of Genesis**. Just one Answer Book is sufficient for the whole family. It's divided by subjects in the same manner as the workbook and all exercises are numbered in order to easily find what you need. There are answers for writing, spelling, vocabulary, grammar, science and social studies. It's everything you need when you are using our **Genesis Curriculum - The Book of Genesis**. The **Genesis Curriculum** takes the Bible and puts it into daily science, social studies and language arts lessons. The daily work also includes reading a portion of Scripture, practicing a weekly memory verse, talking over the discussion question and learning a Biblical language. The **Genesis Curriculum** is an outgrowth of the **Easy Peasy All-in-One Homeschool** is an online homeschool curriculum providing high quality free education for children around the globe. Find us online at genesiscurriculum.com to learn about our expanding offerings. Fourteen theological scholars address key topics related to the age of the earth, which is the crucial issue of debate in the church today regarding origins. Bringing to bear rigorous biblical, theological, and historical arguments in favor of a six-day creation, the global Flood, and a young earth, they also provide much-needed critiques of a number of contemporary old-earth interpretations of the book of Genesis. This fresh defense of the literal history of Genesis 1-11 nicely complements other studies which focus more on the scientific evidence of young-earth creationism. As such, this book can serve as a versatile supplement to other works, but is also designed to be used as a standalone text for seminary and Bible college professors and students, pastors, missionaries, and others who want in-depth apologetic resources. Coming to Grips with Genesis: Biblical Authority and the Age of the Earth includes: Forewords by Dr. John MacArthur, President of the Master's Seminary and Senior Pastor of Grace Community Church, Sun Valley, CA; and the late Dr. Henry Morris, Founder and President Emeritus, Institute for Creation Research Detailed analysis of the verbs of Genesis 1 A defense of the Genesis 5 & 11 genealogies as strict chronologies Reasons for rejecting millions of years of death and natural evil before Adam's sin Careful reflection on Jesus' teachings regarding a young earth A new religion curriculum from the team that brought you **The Story of the World**. In this accessible and engaging book, Peter Enns (author of the controversial and best-selling **Inspiration and Incarnation: Evangelicals and the Problem of the Old Testament**) provides parents and teachers with a straightforward and intelligent twelve-year plan for teaching the Bible. Written for lay readers but incorporating the best scholarly insights, **Telling God's Story** avoids sectarian agendas. Instead, Enns suggests beginning with the parables of the Gospels for the youngest students; continuing on with the more complex stories of the Old and New Testaments for middle grade students; and guiding high school students into an understanding of the history and culture of biblical times. **The Ark Encounter in Kentucky** is not just a huge replica of Noah's Ark - it's a powerful teaching tool that answers many questions related to biblical history. For those who have walked along its decks and viewed the detailed exhibits, a wealth of information is revealed to strengthen their faith. This book is both a wonderful memento of your trip to the **Ark Encounter** and a photographic collection of all of the informative, educational signs and posters at the exhibit. What can be learned about the earth's transformation after the Flood, and the rise of Babel? How did the Ark's design help with lighting and ventilation on the ship? What ancient technologies helped eight people care for thousands of animal kinds? From the unusual to the practical, these answers help dispel the doubt and confusion related to the **Book of Genesis** and the story of one faithful man who would build a ship that survived a worldwide judgment, changing the very face of our world. On a notorious high-rise estate in the London Borough of Hackney, a van is driving erratically. The driver is pulled over and questioned. A woman on the

street after a long night of drinking never makes it home. A suspect, an arrest, a confession--a case closed? Five years earlier, a young girl disappeared on a busy London street. The case was never closed. Now there's a confession to this murder, and to yet another. Is it too good to be true? Detective Chief Inspector Anna Travis is pulled into the fray by her mentor and friend Detective Chief Superintendent James Langton and isn't so sure that they have their man--then the suspect changes his story. It seems we wake each day to a world engulfed in chaos and confusion... a society mired in godlessness and humanism... and families struggling to guide their children in faith. Yet, God gave us the answer... His Holy Word. Begin as He recorded for us to begin, with Genesis. After many years of teaching and speaking on the importance of foundational faith, leading apologetics author Ken Ham of Answers in Genesis has created a clear and powerful study that helps root families and young or struggling believers in biblical truth. He makes it easy to build a vital Genesis-founded worldview in this simple yet profound study that explores the importance and implications of pivotal events, verse by verse, from Creation to Babel. Discover important context to answer relevant faith questions Easy-to-understand exploration of the biblical text The essential guide to laying a faith-foundational view Faith without a strong foundation crumbles in the face of today's relentless cultural rejections. Christians, young and old, will find the strong foundation they need in the biblical bedrock of Genesis. Unique biblical studies course for students! Are there really contradictions in the Bible, and can it be relied upon for historical accuracy? What is scriptural authority; does it matter? How does a skeptical world impact your view? The Bible is increasingly under attack from every direction. Whether secular scholars or those in the Church try to tie in evolutionary concepts to match origin explanations that are not biblical, the accuracy and relevance of the Bible is at question. This course covers both volumes of How Do We Know the Bible Is True?, as well as Demolishing Supposed Bible Contradictions. Learn important details that can strengthen your confidence in the Bible's inerrant nature. Discover how the Bible proves itself, and the insight you need to strengthen your faith and defend God's Word! Details the Bible-based homeschool teaching approach for parents, and discusses Christian education, learning styles, unit studies, bible study, and more. Dinosaurs are fascinating creatures that kids simply adore, and even the youngest believer can recite the biblical story of Noah and his ark. Now discover how to answer some of kids' most interesting questions about dinosaurs and Noah's ark like: How did all the dinosaurs fit on the ark? How did Noah keep the animals on the ark from eating each other and his family? Where did all the water go after the Flood? Why aren't there fossils of humans from Noah's flood? Answers are important. If children aren't given answers to their questions about the Bible and the history it reveals, they cannot defend their faith against a secular worldview in a fallen world. The new Answers Book for Kids series is a unique collection from Ken Ham and the creative team at Answers in Genesis. This is a necessary resource in your homeschool or Church's Sunday School. This is the 2nd book of a 4 volume set.
