“Enchanting . . . Willy Wonka meets The

Matrix.”—USA Today • “As one adventure leads

expertly to the next, time simply

evaporates.”—Entertainment Weekly A world at

stake. A quest for the ultimate prize. Are you

ready? In the year 2045, reality is an ugly

place. The only time Wade Watts really feels

alive is when he’s jacked into the OASIS, a vast

virtual world where most of humanity spends

their days. When the eccentric creator of the

OASIS dies, he leaves behind a series of

fiendish puzzles, based on his obsession with

the pop culture of decades past. Whoever is

first to solve them will inherit his vast

fortune—and control of the OASIS itself. Then

Wade cracks the first clue. Suddenly he’s beset

by rivals who’ll kill to take this prize. The race

is on—and the only way to survive is to win.

**McQuaid in August** Mar 24 2022 Detective Damian McQuaid, of New York's First Homicide Squad, decides to help a woman who has been receiving obscene phone calls. Such petty squeals are none of McQuaid's business, but when, as he leaves for the day, he overhears an attractive woman talking to a precinct detective, he volunteers to help her.

Unofficially, of course: he knows just what interpretation his buddies in homicide would put on that if they find out. Because she is terrified of being alone, he spends the night on Iris's sofa, but when he wakes the next morning, he finds that she has been murdered in her bedroom while he slept. Shocked and angry, he decides to investigate on his own time—again, very unofficially; again, for very obvious reasons—and his inquiries lead him to begin a clever, insidious, and dangerous program of harassment in an effort to expose the man McQuaid believes to be the killer. All very unofficially, because McQuaid doesn't have a single clue that would convict his suspect.

*The Lightning Thief* Oct 19 2021 Percy, expelled from six schools for being unable to control his temper, learns that his father is the Greek god Poseidon, and is sent to Camp Half Blood where he is befriended by a satyr and the daughter of Athena.

*For Profit Higher Education* Jul 28 2022 [Life Scripts](#) Jul 04 2020 *Life Scripts: A Transactional Analysis of Unconscious Relational Patterns* is an exciting collection of contemporary writings on Life Script theory and psychotherapeutic methods. Each chapter describes an evolution of Eric Berne's original theory and brings together a stimulating range of international perspectives, theoretical positions, clinical experiences and psychotherapy practices, as well as a psychotherapy story that illustrates the theory.

The concept of Life Scripts has frequently been associated with the determinism represented in theoretical scripts, yet, this book offers some new and diverse perspectives. A few contributors address the significance of early childhood experiences in forming a Life Script, while others reflect the perspectives of post-modernism, constructivism, existential philosophy, neuroscience, developmental research, mythology and the importance of narrative. An illustrious group of authors has integrated a broad professional perspective into their understanding of a theory of mind, theories of personality and the methods of psychotherapy. Each chapter provides a unique theoretical perspective; some are provocative and challenge Berne's and others long held notions about Life Scripts.

[The Cinema of Federico Fellini](#) Sep 05 2020 This major artistic biography of Federico Fellini shows how his exuberant imagination has been shaped by popular culture, literature, and his encounter with the ideas of C. G. Jung, especially Jungian dream interpretation. Covering Fellini's entire career, the book links his mature accomplishments to his first employment as a cartoonist, gagman, and sketch-artist during the Fascist era and his development as a leading neo-realist scriptwriter. Peter Bondanella thoroughly explores key Fellinian themes to reveal the director's growth not only as an artistic master of the visual image but also as an astute

interpreter of culture and politics. Throughout the book Bondanella draws on a new archive of several dozen manuscripts, obtained from Fellini and his scriptwriters. These previously unexamined documents allow a comprehensive treatment of Fellini's important part in the rise of Italian neorealism and the even more decisive role that he played in the evolution of Italian cinema beyond neorealism in the 1950s. By probing Fellini's recurring themes, Bondanella reinterprets the visual qualities of the director's body of work--and also discloses in the films a critical and intellectual vitality often hidden by Fellini's reputation as a storyteller and entertainer. After two chapters on Fellini's precinematic career, the book covers all the films to date in analytical chapters arranged by topic: Fellini and his growth beyond his neorealist apprenticeship, dreams and metacinema, literature and cinema, Fellini and politics, Fellini and the image of women, and *La voce della luna* and the cinema of poetry.

*A Raisin in the Sun* Nov 19 2021 "Come to A Raisin in the Sun as you would to any classic. It speaks to us today as it did almost half a century ago." Bonnie Greer In south side Chicago, Walter Lee, a Black chauffeur, dreams of a better life, and hopes to use his father's life insurance money to open a liquor store. His mother, who rejects the liquor business, uses some of the money to secure a proper house for the family. Mr Lindner, a representative of the

all-white neighbourhood, tries to buy them out. Walter sinks the rest of the money into his business scheme, only to have it stolen by one of his partners. In despair Walter contacts Lindner, and almost begs to buy them out, but with the help of his wife, Walter finally finds a way to assert his dignity. *A Raisin in the Sun* was the first play written by a Black woman to be produced on Broadway and won the New York Drama Critics Circle Award. Hansberry was the youngest and the first Black writer to receive this award. Deeply committed to the Black struggle for equality and human rights, Lorraine Hansberry's brilliant career as a writer was cut short by her death when she was only 34. This new, updated edition in Methuen Drama's Modern Classics series includes the full, definitive text and a brand new introduction by Soyica Colbert.

**XSS Attacks** Jul 16 2021 A cross site scripting attack is a very specific type of attack on a web application. It is used by hackers to mimic real sites and fool people into providing personal data. XSS Attacks starts by defining the terms and laying out the ground work. It assumes that the reader is familiar with basic web programming (HTML) and JavaScript. First it discusses the concepts, methodology, and technology that makes XSS a valid concern. It then moves into the various types of XSS attacks, how they are implemented, used, and abused. After XSS is thoroughly explored, the next part provides examples of XSS malware and demonstrates real cases where XSS is a

dangerous risk that exposes internet users to remote access, sensitive data theft, and monetary losses. Finally, the book closes by examining the ways developers can avoid XSS vulnerabilities in their web applications, and how users can avoid becoming a victim. The audience is web developers, security practitioners, and managers. XSS Vulnerabilities exist in 8 out of 10 Web sites The authors of this book are the undisputed industry leading authorities Contains independent, bleeding edge research, code listings and exploits that can not be found anywhere else

Advanced Studies in Efficient Environmental

Design and City Planning Oct 07 2020 This book explains how learning from past mistakes in urban design can help to enhance sustainable cities and how the principles of Green Urbanism can yield more resilient urban settlements. Environmental design is a fundamental principle in shaping cities. However, environmental challenges like increased resource consumption, water degradation and waste-related issues are among the greatest problems now facing humanity - which is why these issues need to

be considered with regard to "smart cities," either for the development of new urban centers or for the transformation of existing cities. The book not only discusses the importance of integrating sustainability principles in the urban design process, but also demonstrates their application to the development of sustainable cities. As such, the book offers essential information and a source of inspiration for all those who want to build more sustainable cities.
