Jan Fries has a reputation amongst the magical community as a genuine adept. His articles and luminous artwork have graced many of the best magical journals. Known as the little people, the ferrishyn, the wee folk, and the good neighbors, faeries have enchanted humans for centuries. But faeries are much more than playful sprites who frolic in gardens and dance on flowers by the morning light. There are helper faeries, trickster faeries, and powerful faeries who enhance magick and play a mighty role in the spirit world. In THE ANCIENT ART OF FAERY MAGICK, best-selling author and magick authority D.J. Conway explores the history of the faery folk, discusses faery laws and lives, and reveals the ancient secret faery oracle. She shares spells for invoking faeries for aid in health, love, peace, prosperity, and protection, and she even describes how to build faery houses and gardens to invite these wonderful creatures into your home. A comprehensive tome on a bewitching subject, THE ANCIENT ART OF FAERY MAGICK will initiate you into a life filled with faery sparkle and pixie dust. This is the masterpiece of occultist, magician and philosopher Aleister Crowley, introduced for the first time by one of the world's leading experts on Western esoteric traditions, Stephen Skinner. "Do what thou wilt." Written in the early twentieth century, the four books contained within this collection make up one of the most complete and groundbreaking works on the practice of magick ever written. They are considered to be the masterpiece of occultist, magician and philosopher Aleister Crowley and the core texts for the religion of Thelema. Their influence on alternative western thought and philosophy cannot be exaggerated. Also known as Book Four, or Liber ABA, the four parts bring together many rituals, received texts, theorems and unequalled insights into the practice of magick, culminating in The Book of the Law, the central, sacred text dictated to Crowley by a preternatural entity. Anyone interested in yoga, ceremonial magic, esoteric thought, invocation, divination and beyond, or those looking to delve into the fascinating, playful and illuminating writings of a unique man, will find inspiration. For the first time, one of the world's leading experts on Western esoteric traditions and magic, Dr. Stephen Skinner, introduces the text, sharing his insights into Crowley's take on yoga, ceremonial magick and Thelema. His long involvement with magick, both as an academic and as a practitioner, enabled Dr. Skinner to highlight the differences between the psychological and the spirit-orientated approaches to magick, and to show how that dilemma shaped Crowley's practice and his founding of Thelema, enlightening the reader to many previously unknown connections. Introduces magick through twelve lessons that describe rituals and concepts such as the Lesser Banishing Ritual of the Pentagram, Kabbalah, astral planes, talismans, and grey magick. In *Wealth Magick*, he reveals the closely guarded secrets of the super-rich. WARNING: This book uses angels and demons. This book is designed for serious occult workers, who want to focus on wealth creation in the long term. The magick is safe, because every demon is constrained by angelic forces, but this is not a book for those who are uneasy with the occult. Damon says, 'To be clear, and for the sake of complete honesty, I am not super-rich, but I am extremely wealthy compared to where I was last year, and compared to my childhood I feel like a billionaire. To me this is extreme prosperity, because I never have to worry about money, I get to do everything I want to do, go the places I want and own the things I've always dreamed of having.' How rich you become is up to you. *Wealth Magick* concentrates the best magick into a series of workings that will enable you to attract the wealth you desire. If you want money, it's yours. Serpents have always been both venerated and feared throughout the world, but perhaps none so much as the Naga in Hindu, Tantric and Buddhist traditions. What are the Naga? They are the Serpent Lords of ancient times, more akin to the Orishas of Santeria than to the remote gods of Olympus. And, like the Orishas, they are far more accessible. This is more than a mythic and historical account of the Naga. It is also a Naga 'Grimoire' of practical and spiritual rituals. Serpent spirits are seen everywhere in Asian iconography and practices, but because of the extremely ancient and 'grass roots' origin of their worship, they are only rarely mentioned in traditional religious texts. This parallels the prehistoric worship of similar serpent spirits across the ancient world in many places under many names. In most Eastern and Western animist or pantheist traditions, serpent-demigods are positive beings manifesting as spiritual guardians. Often these spirits are associated with springs, rivers, lakes and oceans as well as the numinous chthonian world below, as are the Naga. Naga wisdom has the power to enlighten us about the ancient, often forgotten serpent spirits, their magick rituals and their place in helping us to heal Nature. Whether you wish to learn the history and mythos of the Serpent Spirits, or if you wish to work directly with these luminous beings, the book provides unique access to the power and wisdom of the Naga Lords. Naga Magick includes many Illustrations and an extensive Glossary. This book shows how to access the spiritual powers of familiars--real or imagined animals--for personal enrichment. Whether one collects glass animals, dreams about snakes, or "talks" with an animal already, ANIMAL MAGICK shows how to further develop this connection for startling magickal results. Newly revised and expanded to include 100 additional exercises, this instructional guide traces the history and lore of magick, covers several forms of magick, including shamanism, Voudun, and Qabala, and explains the basics, such as casting spells safely and ethically. Original. The author of "To Ride a Silver Broomstick" and "Angels" discusses the charms, spells, and herbs of the Pennsylvania Dutch region with its influences from native Pow Wow magick. 2018 Facsimile of the 1929 Edition. Illustrated. Many consider this work by Crowley to be the foremost book on ceremonial magic written in the twentieth century. It was written especially for beginners and is considered one of Crowley's better books. Illustrated with graphs and charts. The original was privately printed in 1929 after Crowley failed to find a publisher in London and has been considered a scarce work since that time. The 30th Anniversary of the Classic Guide to Thelema, Aleister Crowley's Spiritual System of Ritual Magick, with a New Introduction by the Author. This is the perfect introductory text for readers who wonder what the works—rather than the myth—of Aleister Crowley are all about. DuQuette begins by dispatching some of the myths that have surrounded Crowley's life and legend. He then explores the practice of rituals themselves, unpacking Crowley's often opaque writing and offering his own commentary. Step by step, and in plain English, he presents a course of study with examples of rituals and explanations of their significance. DuQuette also includes a survey of many of Crowley's original works with an extensive bibliography and endnotes. Formerly titled *The Magick of Thelema*, then released in a revised edition published in 2003, this Weiser Classics edition includes a new introduction by the author. Unleash your limitless cosmic abilities today! Black Magick Volume 3: Ascension "The four elements of Air, Fire, Water and Earth exist as spiritual essences, as philosophical concepts, as energy states and as a tangible physical reality. " Working magick with the elements helps to connect us to the tangibly present natural powers in our physical world, whilst at the same time we are returning to the building blocks of magick by rooting our feet in the material world. Since Empedocles formalized the system in ancient Greece in the 5th century BCE, the four elements have become an integral part of the Western Esoteric Tradition passing from ancient Greek magick, through the Qabalah, & Grimoire Traditions into modern derivative traditions of ceremonial magick and paganism. In Practical Elemental Magick the authors provide an unprecedented combination of research and techniques for working the magick of Air, Fire, Water and Earth, as well as the spiritual creatures associated with each. The Elemental Gods, Archangels, rulers and other types of elemental beings (including Sylphs, Salamanders, Undines & Gnomes) are discussed and explored. Both the spiritual and physical aspects of the four elements are considered, together with how they interact with each other and their appropriate use for magickal work. The creation and use of Elementaries (Elemental Thought Forms); Elemental Tools, the Elemental Tides and correspondences are all considered in detail, together with previously unavailable original ritual & meditative material including the Unification Rite, the Inner Talisman, the Elemental Pyramids, the Elemental Magick Circle & the Elemental Temples. In mastering the four elements within & without we master ourselves, bringing the external forces of the natural world & the internal forces of our existence into harmony.
