*Child Psychotherapy Homework Planner* Mar 21 2022 "Educators and therapists have found that providing structure and a routine for a child can help him/her complete his/her homework on a regular basis. Having a routine can also cut down on the number of arguments between the parents and the child. In this exercise, you are asked to answer several questions that will help your therapist understand your child's moods or attitudes about completing his/her homework. Your answers will hopefully also identify some of the problems that have contributed to your child's difficulty with completing his/her homework. The ultimate goal of this assignment is to establish a routine that will help your child regularly complete his/her homework in a timely manner"--
