The New York Trilogy is perhaps the most astonishing work by one of America's most consistently astonishing writers. The Trilogy is three cleverly interconnected novels that exploit the elements of standard detective fiction and achieve a new genre that is all the more gripping for its starkness. It is a riveting work of detective fiction worthy of Raymond Chandler, and at the same time a profound and unsettling existentialist enquiry in the tradition of Kafka or Borges. In each story the search for clues leads to remarkable coincidences in the universe as the simple act of trailing a man ultimately becomes a startling investigation of what it means to be human. The New York Trilogy is the modern novel at its finest: a truly bold and arresting work of fiction with something to transfix and astound every reader. 'Marks a new departure for the American novel.' Observer 'A shatteringly clever piece of work . . . Utterly gripping, written with an acid sharpness that leaves an indelible dent in the back of the mind.' Sunday Telegraph 'The New York Trilogy established him as the only author one could compare to Samuel Beckett.' Guardian This book establishes the genealogy of a subgenre of crime fiction that Antoine Dechêne calls the metacognitive mystery tale. It delineates a corpus of texts presenting 'unreadable' mysteries which, under the deceptively monolithic appearance of subverting traditional detective story conventions, offer a multiplicity of motifs – the overwhelming presence of chance, the unfulfilled quest for knowledge, the urban stroller lost in a labyrinthine text – that generate a vast array of epistemological and ontological uncertainties. Analysing the works of a wide

variety of authors, including Edgar Allan Poe, Jorge Luis Borges, and Henry James, this book is vital reading for scholars of detective fiction. Beset by an enemy from within, Dan searches for the gypsies he once knew in York and is led inexplicably into a calamity involving the Black Death in a hostile country among frightened and superstitious people. Paul Auster takes the reader on a vivid journey through the brief 29 years of Stephen Crane's life. Auster analyses the major works with such enthusiasm that the reader immediately wants to read Crane's work. Auster also brings to life the world of fin de siècle America as the 19th century ends and the 20th is beginning. This pulsating world is the background to a life lived at a fever pitch - in war zones, near-drowning on his way to the Spanish American War, as well involvement in a scandalous love affair that caused him to leave the country. Crane died in 1900, but he is not the last of the Victorians, he is the first of the Moderns. 'It was the summer that men first walked on the moon. I was very young back then, but did not believe there would ever be a future. I wanted to live dangerously, to push myself as far as I could go, and then see what happened when I got there.' So begins the mesmerising narrative of Marco Stanley Fogg - orphan, child of the 1960s, a quester by nature. Moon Palace is his story - a novel that spans three generations, from the early years of this century to the first lunar landings, and moves from the canyons of Manhattan to the cruelly beautiful landscape of the American West. Filled with suspense, unlikely coincidences, wrenching tragedies and marvellous flights of lyricism and erudition, the novel carries the

reader effortlessly along with Marco's search - for love, for his unknown father, and for the key to the elusive riddle of his origins and his fate. 'Clever: very. Surprising: always - Auster is a master.' The Times SHORTLISTED FOR THE GOLDSMITHS PRIZE Pre-order Rachel Cusk's new novel, *Second Place*, now! A woman on a plane listens to the stranger in the seat next to hers telling her the story of his life: his work, his marriage, and the harrowing night he has just spent burying the family dog. That woman is Faye, who is now on her way to Europe to promote the book she has just published. Once she reaches her destination, the conversations she has with the people she meets - about art, about family, about politics, about love, about sorrow and joy, about justice and injustice - are the most far-reaching questions human beings ask. These conversations, the last of them with her son, rise dramatically and majestically to a beautiful conclusion. *Kudos* completes Rachel Cusk's trilogy with overwhelming power. The trilogy is one of the great achievements in fiction. A graphic, crime noir novel on a New York detective-cum-novelist who answers a wrong number. A double-barreled investigation, one from the perspective of the detective, the other from that of the novelist. Adapted from Paul Auster's *City of Glass* by the creators of *Maus*. The stunning eighth installment in the Martin Beck mystery series by the renowned Swedish crime writing duo is a masterful take on a classic locked room mystery. With an introduction by Michael Connelly: "One of the most authentic, gripping, and profound collections of police procedurals ever accomplished." A young blonde in sunglasses robs a bank and

kills a hapless citizen. Across town, a corpse with a bullet shot through its heart is found in a locked room – with no gun at the scene. The crimes seem disparate, but to Martin Beck they are two pieces of the same puzzle, and solving it becomes the one way he can escape the pains of his failed marriage and the lingering effects of a near-fatal bullet wound. Exploring the ramifications of egotism and intellect, luck and accident, this tour de force of detection bears the unmistakable substance and gravity of real life. Thesis (M.A.) from the year 1999 in the subject American Studies - Literature, grade: 2,1, University of Freiburg (Philosophische Fakultät, Nordamerikastudien), language: English, abstract: Inhaltsangabe: Abstract: Paul Auster's New York Trilogy, published in one volume for the first time in England in 1988 and in the U.S. in 1990 has been widely categorised as detective fiction among literary scholars and critics. There is, however, a striking diversity and lack of consensus regarding the classification of the trilogy within the existing genre forms of the detective novel. Among others, Auster's stories are described as: metaanti-detective-fiction; mysteries about mysteries; a strangely humorous working of the detective novel; very soft-boiled; a metamystery; glassy little jigsaws; a mixture between the detective story and the nouveau roman; a metaphysical detective story; a deconstruction of the detective novel; antidetective-fiction; a late example of the anti-detective genre; and being related to 'hard-boiled' novels by authors like Hammett and Chandler. Such a striking lack of agreement within the secondary literature has inspired me to

write this paper. It does not, however, elaborate further on this diversity of viewpoints although they all seem to have a certain validity and underline the richness and diversity of Auster's detective trilogy; neither do I intend to coin a new term for Auster's detective fiction. I would rather place The New York Trilogy within a more general and open literary form, namely postmodern detective fiction. This classifies Paul Auster as an American writer who is part of the generation that immediately followed the 'classical literary movement' of American postmodernism' of the 60s and 70s. His writing demonstrates that he has been influenced by the revolutionary and innovative postmodern concepts, characterised by the notion of 'anything goes on a planet of multiplicity' as well as by French poststructuralism.

**NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LIBRARY JOURNAL RITA** finalist and New York Times bestselling author Ruthie Knox kicks off a steamy series set in the city that never sleeps—alone, at least. May Fredericks hates New York. Which is fair enough, since New York seems to hate her back. After relocating to Manhattan from the Midwest to be with her long-distance boyfriend, NFL quarterback Thor Einarsson, May receives the world's worst marriage proposal, stabs the jerk with a shrimp fork, and storms off alone—only to get mugged. Now she's got no phone, no cash, and no friends. How's a nice girl supposed to get back to safe, sensible Wisconsin? Frankly, Ben Hausman couldn't care less. Sure, it's not every day he meets a genuine, down-to-earth woman like May—especially in a dive in the Village—but he's

recovering from an ugly divorce that cost him his restaurant. He wants to be left alone to start over and become a better man. Then again, playing the white knight to May ' s sexy damsel in distress would be an excellent place to start—if only he can give her one very good reason to love New York. Praise for Truly

Sinuously constructed in four interlocking parts, *Invisible* opens in New York City in the spring of 1967 when twenty-year-old Adam Walker, an aspiring poet and student at Columbia University meets the enigmatic Frenchman Rudolf Born, and his silent and seductive girlfriend Margot. Before long, Walker finds himself caught in a perverse triangle that leads to a sudden, shocking act of violence that will alter the course of his life. Three different narrators tell the story, as it travels in time from 1967 to 2007 and moves from New York to Paris and to a remote Caribbean island in a story of unbridled sexual hunger and a relentless quest for justice. With uncompromising insight, Auster takes us to the shadowy borderland between truth and memory, authorship and identity to produce a work of unforgettable power that confirms his reputation as one of America's most spectacularly inventive writers. *The Anti-Story* is an anthology of

experimental fiction. It is edited by Philip Stevick. From Simon & Schuster comes a selection of the best experimental fiction in recent decades. Curated and edited by Philip Stevick, *Anti-Story: An Anthology of Experimental Fiction* is a collection perfect for any lover of creative fiction. A sweeping epic of two families—one Dutch, one English—from the time when New Amsterdam was a raw and rowdy settlement, to the triumph of the Revolution, when New York became a new nation's city of dreams. In 1661, Lucas Turner, a barber surgeon, and his sister, Sally, an apothecary, stagger off a small wooden ship after eleven weeks at sea. Bound to each other by blood and necessity, they aim to make a fresh start in the rough and rowdy Dutch settlement of Nieuw Amsterdam; but soon lust, betrayal, and murder will make them mortal enemies. In their struggle to survive in the New World, Lucas and Sally make choices that will burden their descendants with a legacy of secrets and retribution, and create a heritage that sets cousin against cousin, physician against surgeon, and, ultimately, patriot against Tory. In what will be the greatest city in the New World, the fortunes of these two families are inextricably entwined by blood and fire in an unforgettable American saga of pride and ambition, love and hate, and the becoming of the dream that is New York City.

‘ His best novel yet ... A Middlemarch-like triumph ’  
Telegraph Juliette must make a choice. Be a weapon. Or a warrior. Combining a crumbling dystopian world with a compelling heroine who has inexplicable powers, *Shatter Me* is a mesmerising thriller. 'Addictive, intense, and oozing with

romance.' - Lauren Kate, author of *Fallen*. A graphic novel classic with a new introduction by Art Spiegelman Quinn writes mysteries. The *Washington Post* has described him as a “ post-existentialist private eye. ” An unknown voice on the telephone is now begging for his help, drawing him into a world and a mystery far stranger than any he ever created in print. Adapted by Paul Karasik and David Mazzucchelli, with graphics by David Mazzucchelli, Paul Auster ’ s groundbreaking, Edgar Award-nominated masterwork has been astonishingly transformed into a new visual language. After years spent as a struggling translator and poet, Paul Auster published his first works of fiction in the mid 1980s - *City of Glass*, *Ghosts* and *The Locked Room*, three brilliant variations on the classic detective story which, published together as *The New York Trilogy*, became the international hit that established his reputation. Introducing themes that have run throughout his work ever since, Auster managed to combine formal experimentation with classic storytelling, and to inform his exploration of America and the self with a distinctly European sensibility. Included here in the first volume of his collected novels, alongside his seminal debut are *In the Country of Last Things*, a dark, dystopian vision of the future, and *Moon Palace*, a sweeping multi-generation novel that begins 'in the summer that man first walked on the moon'. All told in his characteristic clean prose style, these three novels form the first chapter in an ongoing career that has marked Auster out as one of the most original, relevant and enduring novelists at work today.

March 3, 1947, in the maternity ward of Beth Israel Hospital in Newark, New Jersey, Archibald Isaac Ferguson, the one and only child of Rose and Stanley Ferguson, is born. From that single beginning, Ferguson's life will take four simultaneous and independent fictional paths. Four Fergusons made of the same genetic material, four boys who are the same boy, will go on to lead four parallel and entirely different lives. Family fortunes diverge. Loves and friendships and intellectual passions contrast. Chapter by chapter, the rotating narratives evolve into an elaborate dance of inner worlds enfolded within the outer forces of history as, one by one, the intimate plot of each Ferguson's story rushes on across the tumultuous and fractured terrain of mid twentieth-century America. A boy grows up-again and again and again. As inventive and dexterously constructed as anything Paul Auster has ever written 4 3 2 1 is an unforgettable tour de force, the crowning work of this masterful writer's extraordinary career. Three-time Hugo Award-winning and New York Times bestselling author N.K. Jemisin crafts her most incredible novel yet, a "glorious" story of culture, identity, magic, and myths in contemporary New York City. In Manhattan, a young grad student gets off the train and realizes he doesn't remember who he is, where he's from, or even his own name. But he can sense the beating heart of the city, see its history, and feel its power. In the Bronx, a Lenape gallery director discovers strange graffiti scattered throughout the city, so beautiful and powerful it's as if the paint is literally calling to her. In Brooklyn, a politician and mother finds she can hear the songs of her city, pulsing to the

beat of her Louboutin heels. And they're not the only ones. Every great city has a soul. Some are ancient as myths, and others are as new and destructive as children. New York? She's got six. A jagged series of events written with gritty realism. *The Elephant Tree* transcends stereotypes and challenges the reader's sense of morality, with shocking plot twists and vivid characters. *The Book of Illusions*, written with breath-taking urgency and precision, plunges the reader into a universe in which the comic and the tragic, the real and the imagined, and the violent and the tender dissolve into one another. One man's obsession with the mysterious life of a silent film star takes him on a journey into a shadow-world of lies, illusions, and unexpected love. After losing his wife and young sons in a plane crash, Vermont professor David Zimmer spends his waking hours mired in grief. Then, watching television one night, he stumbles upon a lost film by silent comedian Hector Mann, and remembers how to laugh . . . Mann was a comic genius, in trademark white suit and fluttering black moustache. But one morning in 1929 he walked out of his house and was never heard from again. Zimmer's obsession with Mann drives him to publish a study of his work; whereupon he receives a letter postmarked New Mexico, supposedly written by Mann's wife, and inviting him to visit the great Mann himself. Can Hector Mann be alive? Zimmer cannot decide - until a strange woman appears on his doorstep and makes the decision for him, changing his life forever. 'A nearly flawless work . . .

Auster will be remembered as one of the great writers of our time.' San Francisco Chronicle 'Auster's elegant, finely calibrated The Book of Illusions is a haunting feat of intellectual gamesmanship.' TheNew York Times A New York Times 10 Best Books of the Year (2021) An NPR Best Books of the Year (2021) Called "a masterpiece" by The New York Times, the acclaimed trilogy from Tove Ditlevsen, a pioneer in the field of genre-bending confessional writing. Tove Ditlevsen is today celebrated as one of the most important and unique voices in twentieth-century Danish literature, and The Copenhagen Trilogy (1969 – 71) is her acknowledged masterpiece. Childhood tells the story of a misfit child ' s single-minded determination to become a poet; Youth describes her early experiences of sex, work, and independence. Dependency picks up the story as the narrator embarks on the first of her four marriages and goes on to describe her horrible descent into drug addiction, enabled by her sinister, gaslighting doctor-husband. Throughout, the narrator grapples with the tension between her vocation as a writer and her competing roles as daughter, wife, mother, and drug addict, and she writes about female experience and identity in a way that feels very fresh and pertinent to today ' s discussions around feminism. Ditlevsen ' s trilogy is remarkable for its intensity and its immersive depiction of a world of complex female friendships, family and growing up—in this sense, it ' s Copenhagen's answer to Elena Ferrante's Neapolitan Novels. She can also be seen as a spiritual forerunner of confessional writers like Karl Ove Knausgaard, Annie Ernaux, Rachel Cusk and Deborah Levy. Her

trilogy is drawn from her own experiences but reads like the most compelling kind of fiction. Born in a working-class neighborhood in Copenhagen in 1917, Ditlevsen became famous for her poetry while still a teenager, and went on to write novels, stories, and memoirs. Having been dismissed by the critical establishment in her lifetime as a working-class female writer, she is now being rediscovered and championed as one of Denmark ' s most important modern authors. From the author of the extraordinary Vampire Chronicles comes a huge, hypnotic novel of witchcraft and the occult through four centuries. Demonstrating, once again, her gift for spellbinding storytelling and the creation of legend, Anne Rice makes real for us a great dynasty of witches--a family given to poetry and to incest, to murder and to philosophy; a family that, over the ages, is itself haunted by a powerful, dangerous, and seductive being. On the veranda of a great New Orleans house, now faded, a mute and fragile woman sits rocking . . . and *The Witching Hour* begins. It begins in our time with a rescue at sea. Rowan Mayfair, a beautiful woman, a brilliant practitioner of neurosurgery--aware that she has special powers but unaware that she comes from an ancient line of witches--finds the drowned body of a man off the coast of California and brings him to life. He is Michael Curry, who was born in New Orleans and orphaned in childhood by fire on Christmas Eve, who pulled himself up from poverty, and who now, in his brief interval of death, has acquired a sensory power that mystifies and frightens him. As these two, fiercely drawn to each other, fall in love and--in passionate alliance--set out to

solve the mystery of her past and his unwelcome gift, the novel moves backward and forward in time from today's New Orleans and San Francisco to long-ago Amsterdam and a ch<sup>^</sup>teau in the France of Louis XIV. An intricate tale of evil unfolds--an evil unleashed in seventeenth-century Scotland, where the first "witch," Suzanne of the Mayfair, conjures up the spirit she names Lasher . . . a creation that spells her own destruction and torments each of her descendants in turn. From the coffee plantations of Port au Prince, where the great Mayfair fortune is made and the legacy of their dark power is almost destroyed, to Civil War New Orleans, as Julien--the clan's only male to be endowed with occult powers--provides for the dynasty its foothold in America, the dark, luminous story encompasses dramas of seduction and death, episodes of tenderness and healing. And always--through peril and escape, tension and release--there swirl around us the echoes of eternal war: innocence versus the corruption of the spirit, sanity against madness, life against death. With a dreamlike power, the novel draws us, through circuitous, twilight paths, to the present and Rowan's increasingly inspired and risky moves in the merciless game that binds her to her heritage. And in New Orleans, on Christmas Eve, this strangest of family sagas is brought to its startling climax. WITH A NEW INTRODUCTION FROM MAGGIE O'FARRELL Janet lies murdered beneath the castle stairs, oddly attired in her mother's black lace wedding dress, lamented only by her pet jackdaw... In this, her first novel, Elspeth Barker evokes the unrelenting chill of Calvinism and the

Scottish climate; it's a world of isolation and loneliness, where Barker's young protagonist turns to increasingly to literature, nature, and her risqué Aunt Lila, who offer brief flashes of respite in an otherwise dank and foreboding life. People, birds and beasts move in a gleeful danse macabre through the lowering landscape in a tale that is as rich and atmospheric as it is witty and mordant. The family motto - *Moriens sed Invictus* (Dying but Unconquered) - is a fitting epitaph for wild, courageous Janet, and her determination to remain steadfastly herself even as events overtake her. An inside look into Paul Auster's art and craft, the inspirations and obsessions, mesmerizing and dramatic in turn. A remarkably candid, and often surprisingly dramatic, investigation into one writer's art, craft, and life, *A Life in Words* is rooted in three years of dialogue between Auster and Professor I. B. Siegumfeldt, starting in 2011, while Siegumfeldt was in the process of launching the Center for Paul Auster Studies at the University of Copenhagen. It includes a number of surprising disclosures, both concerning Auster's work and about the art of writing generally. It is a book that's full of surprises, unscripted yet amounting to a sharply focused portrait of the inner workings of one of America's most productive and successful writers, through all twenty-one of Auster's narrative works and the themes and obsessions that drive them. A “ compelling ” (Los Angeles Times) tale of friendship, betrayal, estrangement, and the unpredictable intrusions of violence in the everyday — from the author of the forthcoming *4 3 2 1: A Novel* "Six days ago, a man blew himself up by the side of a road in northern Wisconsin. . . ."

So begins the story by Peter Aaron about his best friend, Benjamin Sachs. Sachs had a marriage Aaron envied, an intelligence he admired, a world he shared. And then suddenly, after a near-fatal fall that might or might not have been intentional, Sachs disappeared. Now Aaron must piece together the life that led to Sach's death. His sole aim is to tell the truth and preserve it, before those who are investigating the case invent an account of their own. A new novel with a dark political twist from "one of America's greats."\* *Man in the Dark* is Paul Auster's brilliant, devastating novel about the many realities we inhabit as wars flame all around us. Seventy-two-year-old August Brill is recovering from a car accident in his daughter's house in Vermont. When sleep refuses to come, he lies in bed and tells himself stories, struggling to push back thoughts about things he would prefer to forget—his wife's recent death and the horrific murder of his granddaughter's boyfriend, Titus. The retired book critic imagines a parallel world in which America is not at war with Iraq but with itself. In this other America the twin towers did not fall and the 2000 election results led to secession, as state after state pulled away from the union and a bloody civil war ensued. As the night progresses, Brill's story grows increasingly intense, and what he is so desperately trying to avoid insists on being told. Joined in the early hours by his granddaughter, he gradually opens up to her and recounts the story of his marriage. After she falls asleep, he at last finds the courage to revisit the trauma of Titus's death. Passionate and shocking, *Man in the Dark* is a novel of our moment, a book that forces us to confront the

blackness of night even as it celebrates the existence of ordinary joys in a world capable of the most grotesque violence. \*Time Out (Chicago) A New York Review Books Original In 1908, deep in Siberia, it fell to earth. THEIR ICE. A young man on a scientific expedition found it. It spoke to his heart, and his heart named him Bro. Bro felt the Ice. Bro knew its purpose. To bring together the 23,000 blond, blue-eyed Brothers and Sisters of the Light who were scattered on earth. To wake their sleeping hearts. To return to the Light. To destroy this world. And secretly, throughout the twentieth century and up to our own day, the Children of the Light have pursued their beloved goal. Pulp fiction, science fiction, New Ageism, pornography, video-game mayhem, old-time Communist propaganda, and rampant commercial hype all collide, splinter, and splatter in Vladimir Sorokin ' s virtuosic Ice Trilogy, a crazed joyride through modern times with the promise of a truly spectacular crash at the end. And the reader, as eager for the redemptive fix of a good story as the Children are for the Primordial Light, has no choice except to go along, caught up in a brilliant illusion from which only illusion escapes intact. The acclaimed author of Low Life reinvents the memoir in a cunning, lyrical book that is at once a personal history and a meditation on the construction of identity. Born in Belgium but raised in New Jersey, Luc Sante transformed himself from a pious, timid Belgian boy into a loutish American adolescent, who eschewed French while fantasizing about the pop star Fran ç oise Hardy. To show how this transformation came about--and why it remained incomplete--The Factory of

Facts combines family anecdote and ancestral legend; detailed forays into Belgian history, language, and religion; and deft synopses of the American character. (Book Jacket Status: Jacketed) The first novel of Samuel Beckett's mordant and exhilarating midcentury trilogy introduces us to Molloy, who has been mysteriously incarcerated, and who subsequently escapes to go discover the whereabouts of his mother. In the latter part of this curious masterwork, a certain Jacques Moran is deputized by anonymous authorities to search for the aforementioned Molloy. In the trilogy's second novel, Malone, who might or might not be Molloy himself, addresses us with his ruminations while in the act of dying. The third novel consists of the fragmented monologue-delivered, like the monologues of the previous novels, in a mournful rhetoric that possesses the utmost splendor and beauty-of what might or might not be an armless and legless creature living in an urn outside an eating house. Taken together, these three novels represent the high-water mark of the literary movement we call Modernism. Within their linguistic terrain, where stories are taken up, broken off, and taken up again, where voices rise and crumble and are resurrected, we can discern the essential lineaments of our modern condition, and encounter an awesome vision, tragic yet always compelling and always mysteriously invigorating, of consciousness trapped and struggling inside the boundaries of nature. 'I recommend Hamilton at every opportunity, because he was such a wonderful writer and yet is rather under-read today. All his novels are terrific' Sarah Waters 'If you were looking to fly from Dickens to

Martin Amis with just one overnight stop, then Hamilton is your man' Nick Hornby Patrick Hamilton's novels were the inspiration for Matthew Bourne's new dance theatre production, The Midnight Bell. The Midnight Bell, a pub on the Euston Road, is the pulse of this brilliant and passionate trilogy. It is here where the barman, Bob, falls in love with Jenny, a West End prostitute who comes in off the streets for a gin and pep. Around his obsessions, and Ella the barmaid's secret love for him, swirls the sleazy life of London in the 1930s. This is a world where people emerge from cheap lodgings in Pimlico to pour out their passions, hopes and despair in pubs and bars - a world of twenty thousand streets full of cruelty and kindness, comedy and pathos, wasted dreams and lost desires. A late-night phone call from a stranger involves Quinn, a mystery writer, in a baffling murder case stranger than his novels
