American diners began to flock to Chinese restaurants more than a century ago, making Chinese food the first mass-consumed cuisine in the United States. By 1980, it had become the country's most popular ethnic cuisine. Chop Suey, USA offers the first comprehensive interpretation of the rise of Chinese food, revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption. Engineered by a

politically disenfranchised, numerically small, and economically exploited group, Chinese food's tour de America is an epic story of global cultural encounter. It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle. Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience, which is why they preferred the quick and simple dishes of China while shunning its haute cuisine. Epitomized by chop suey, American Chinese food was a forerunner of McDonald's, democratizing the once-exclusive dining-out experience for such groups as marginalized Anglos, African Americans, and Jews. The rise of Chinese food is also a classic American story of immigrant entrepreneurship and perseverance. Barred from many occupations, Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market, creating a critical lifeline for their community. Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery. They streamlined certain Chinese dishes, such as chop suey and egg foo young, turning them into nationally recognized brand names. A complete manual on handling paraments, supplies, preparation and clean-up, worship services, and more. Now that laws promoting racial equality exist, some people argue that racism as a whole has been eradicated despite evidence to the contrary. Highly publicized racist incidents are generally dismissed as the exception rather than commonplace. Readers discover that this mindset ignores covert or hidden racism, which often deals with hurtful generalizations. In-depth sidebars and detailed photographs augment the engaging narrative as it discusses the history of American racism and its lasting effects. Discussion questions prompt young adults to confront their own biases. In addition, the fight for

racial justice is highlighted in annotated quotes from experts. In recent years there has been much discussion of a crisis in theology and doctrine in The United Methodist Church - as there has in most major Christian churches. Questions about the particularity of Jesus Christ, about the authority of Christian scripture, about the reasons for evangelization and mission, about ecumenicity and the global church, about the meaning of discipline and holiness, and about the distinctive identity of Methodism are sources not only of debate but of serious divisiveness. The book brings together research and writings dealing with theology and doctrine in Methodism. It demonstrates the complexity of the issues and the diversity of sources and traditions that contribute to serious consideration of theology in the Wesleyan tradition.

Global Pentecostalism is a twenty-first century phenomenon. Yet in North America, where the movement was born, it has stalled. Courey uncovers the cause of this plateau in the triumphalism that is characteristic of both North American Protestantism and Pentecostalism. Through the

identification of parallels between Martin Luther and contemporary Pentecostals, Courey detects in Luther's Theology of the Cross a potent remedy for this tension. Utilising this insight, Courey reflects on other faith traditions, and provides a counterpoint to the triumphalism that inhibits the development of Pentecostalism in North America and around the world. This work comprises of three parts. The first is historical, charting the antecedents and development of Pentecostal triumphalism. The second is an experiment in historical theology, seeking basic resonances between Luther and early Pentecostals, and examining the Theology of the Cross as a means of probing Pentecostalism. The final section is an effort in constructive theology, applying the theologia crucis to some of the central aspects of Pentecostalism. Learn about how different animals move. This volume describes and maps congregations of Christian confessions and denominations, as well as groups with Jewish, Buddhist, Muslim, Hindu, and various other spiritual faiths, in different European countries. Consisting of three parts, it presents concrete sociological studies addressing how established and not established, old and new congregations of various faiths create a new kind of religious diversity at the country level; how religious congregations are challenged and thrive in large cities; and how religious congregations change in the 21st century. The book enlightens by its descriptive analysis and the theoretical questions it raises concerning the religious transformations happening all over Europe. It addresses issues of religious diversity in the cities of Europe by presenting large studies conducted in cities such as Barcelona in Spain, and Aarhus in Denmark. By means of large-scale censuses taken in areas such as North Rhine-Westphalia in Germany and in countries like Switzerland and Italy, the book shows how the historically established churches restructure their congregations and activities. It clarifies for the new gatherers where and how a new diversity of religious congregations is in the process of being established. Finally, the book covers two important topical issues: pluralisation and secularisation. It provides new data on religious diversity, painting a new picture of secularisation: the impact and structural consequences of the long-term decrease of membership in the established churches. Mitchell is an alpha among alphas in the brutal Mountain Ridge Pack. He rules with equal parts fear and respect, but his pack is growing restless after decades without an heir to his proverbial throne. Only an alpha and an omega pair can sire another alpha to lead the pack, but Mitchell's not-so-secret shame is the fact that he hasn't been able to impregnate any of his female omegas. Unlike the other weaker packs, the Mountain Ridge wolves have always kept their omegas in line and at a safe distance through the infamous yet efficient Breeding Program. On the recommendation of an old rival turned tentative friend, Mitchell decides to try his hand--among other things--in a last-ditch effort at siring an heir with a rare male omega. When a transfer request for one of the only male omegas in the pack uncovers unspeakable abuse and corruption within the Breeding Program, the very future of the pack is thrown into question.

-Angel's heart has turned to stone after a lifetime of abuse at the hands of the alpha shifters who oversee the Breeding Program in his pack unit. The only love he has left belongs to the three other omegas he shares his little corner of hell with. Angel will do whatever it takes to protect them, even if it means becoming the mate of the top alpha himself. Angel knows better than to believe the gruff Mitchell when he claims that he's not like the

others. Despite his best attempts to steel himself against the strange bond that forms between them, Angel discovers that Mitchell is the most dangerous alpha of all because he wants the one thing Angel has sworn never to give--his heart. With war looming on the horizon, a pack in chaos and two hardened hearts melted by an unlikely spark of love, only one outcome is certain. The Mountain Ridge Pack will never be the same. Disclaimer: See inside cover for content warnings. This is the second book in The Mountain Shifters series. Reading His Unclaimed Omega may provide context, but this book can be read as a standalone.

The Church of God in Christ (COGIC), the first major denomination to spring from the fires of the Azusa Street revival, profoundly affected the

history of the black church. Its tremendous influence can be traced to the dynamic spiritual life of its founder, Charles Harrison Mason. The son of a slave and a leader in the holiness movement of his day, Mason traveled to Azusa Street in 1907 where he received the baptism of the Holy Spirit. Returning home, he discovered that visions, spontaneous healing and deliverance followed him. A new power accompanied his preaching, and he experienced freedom from former limitations. Mason's vibrant spiritual life enabled him to lead a fledgling movement from its infancy to a powerful, prophetic community over the next fifty years. Beginning in the rural South in the decades following the Reconstruction Era, the denomination gradually moved into urban areas during the 1900's. No matter where its ministers, however, the COGIC Church holds in tension the dynamics of holiness, spiritual encounter and prophetic Christian social consciousness. Facing the challenges of our generation, the COGIC Church desires to maintain the legacy of its founder as it prepares for another century of work and witness. "Our younger generations need to know the rich legacy bequeathed to them by the pioneers of the Church of God in Christ." Presiding Bishop Chandler D. Owens "Every pastor in our denomination and beyond should have a worn and well read copy of this book." Bishop Charles E. Blake, Sr. "This valuable book should be in the hands of every member of the Church of God in Christ." Bishop C. L. Anderson "God gave Bishop C. H. Mason an anointing to preach powerfully, to heal the sick, and to sing out in spontaneous worship. May we covet the same anointing that transformed thousands in his day." Bishop J. Neaul Haynes "We are the descendants of a mighty move of God that began at Azusa Street. This book will help us to pass on an equally dynamic spiritual life to our successors, taking the Church of God in Christ into the next century." Bishop P. A. Brooks "Church leaders would

do well to emulate the dynamic spiritual life of our founder; Bishop C. H. Mason." Bishop O. T. Jones, Jr. "Bishop Clemmons reminds us that our denomination was forged in the fires of a pentecostal revival that continues to impact our society today." Bishop Gilbert E. Patterson "Our roots establish our legacy and provide the springboard for the future. This documentation is a must for this generation and the generations to come." Mother Emma F. Crouch, Supervisor, Women's Department, Church of God in Christ, President, International Women's Convention "This is must reading for every seminary student preparing to minister in the Church of God in Christ. This will be extremely valuable to students of church history regardless of denomination." Dr. H. Vinson Synan, Ph.D., Dean of the School of Divinity, Regent University "Finally, a documentary written by a black historian/theologian and a lifelong member of the Church of God in Christ. Bishop Clemmons' perspective is insightful, informative, and refreshing." Dr. William C. Turner, Ph.D., Professor of Theology, Duke Divinity School, Duke University "Allow Bishop C. H. Mason's vision to grip you, to challenge you, and to change you." Raymond C. Pierce, J.D., Deputy Assistant Secretary, U.S. Department of Education, Office for Civil Rights The Pentecostal Episcopacy is a little book that deals strictly with the episcopacy from a Pentecostal dynamic. God released grace upon Anna to fast and pray unto the revelation of Jesus to the earth the first time. God is releasing a similar grace upon a whole generation of women who will operate in a similar anointing as Anna's unto the

revelation of Jesus to the earth in His second coming. This book will be the catalyst for a prayer movement spreading all over the earth to usher in the greatest revival the planet has ever seen. This book is intended for the sacred garrison of anointed men and women of God assigned to protect and to serve the leadership of Body of Christ. There are many general references that offer explanations and advice on what Adjutants should do, and how to be an Adjutant; in fact the magnum opus of our craft is found in a book called God's Armorbearer,<sup>1</sup> by Elder Terry Nance. In historic times knights were military operatives who were appointed to the service of monarchs and other high-ranking nobles. In our time the Adjutancy serves the highest-ranking leadership of the Church. Over the course of these pages, we have attempted to convey an image of the Adjutancy that reinforces this idea of Christian kighthood. A genealogy of the Kjarulf (Kierulff, Kjerulf) families in America, Denmark, Norway, and elsewhere who lived in the 20th century.
