The series features monographs and edited volumes on the topics of lexicography and meta-lexicography. Works from the broader domain of lexicology are also included if they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The volumes focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline, and application-oriented lexicographical documentation. Being taught by a great teacher is one of the great privileges of

life. Teach Now! is an exciting new series that opens up the secrets of great teachers and, step-by-step, helps trainees to build the skills and confidence they need to become first-rate classroom practitioners. Written by a highly-skilled practitioner, this practical, classroom-focused guide contains all the support you need to become a great English teacher. Combining a grounded, modern rationale for learning and teaching with highly practical training approaches, the book guides you through all the different aspects of English teaching offering clear, straightforward advice on classroom practice, lesson planning and working in schools. Celebrating the values of English teaching, Alex Quigley sets out a 'steps to success' model that will help you to go from novice to expert teacher. The English curriculum, planning, assessment, behaviour management, literacy and differentiation are all discussed in detail alongside carefully chosen examples to demonstrate good practice. There are also chapters on dealing with pressure, excelling in observations, finding the right job and succeeding at interview. Throughout the book, there is a great selection of ready-to-use activities and techniques, including effective reading and writing strategies, pedagogies for teaching poetry and Shakespeare, and how to harness the power of debate, dialogue and drama, all of which will help you overcome any challenges and put you on the fast track to success in the classroom. Covering everything you need to know, this book is your essential guide as you start your exciting and rewarding career as an outstanding English teacher. "This book presents the principal prosodic constructions of English dialog"-- This book examines relations which hold between morphosyntactic form and communicative function in discourse by examining form-function correlations of noninterrogative questions in ordinary English conversation. So-called nontypical declarative and nonclausal questions

are identified functionally. The role morphosyntax plays in the production and interpretation of these forms as doing questioning is then considered. Speakers are shown to use specific patterns of morphosyntactic marking to enable recipients to interpret noninterrogatives as functional questions. Explanations for morphosyntactic patterns found in the data are stated in terms of discourse use. Contains essential bibliographic and access information on serials published throughout the world. Investigates the origins of over twenty-six hundred mineral names, discussing their direct derivation and tracing the basis of each in historical, chemical, geographical, or biographical terms Audio material to accompany the book is available at the following website:
www.eupublishing.com/page/ArabicToday/audio
A student, business and professional course in spoken and written Arabic aimed at those with no prior knowledge of the language. Suitable for business professionals and students wanting to communicate directly with people and

institutions in the Arab world, Arabic Today is a self-contained course in contemporary Arabic. Tuition tends to concentrate either on the written language (never used in everyday speech) or on a selected regional dialect (which is never written down). Arabic Today breaks with this tradition, capitalising on the emerging form of spoken Pan-Arabic. This supraregional form of educated speech is drawn from the most influential areas, as well as the modern written word. So whether you wish to speak the language or add writing skills as well, this course book and accompanying audio website are the ideal tools for self-tuition and classroom use. The second edition of this book has been thoroughly revised and updated to make it relevant to a new generation of readers. Grammar is explained more clearly and precisely, the reading material has been updated and the typography is clearer. New word indexes give meanings and reference for the vocabulary and together with the grammar index they offer an invaluable additional reference function.
