American History: A Very Short Introduction Jan 26 2020 In a miracle of concision, Paul S. Boyer provides a wide-ranging and authoritative history of America, capturing in a compact space the full story of our nation. Ranging from the earliest Native American settlers to the presidency of Barack Obama, this Very Short Introduction offers an illuminating account of politics, diplomacy, and war as well as the full spectrum of social, cultural, and scientific developments that shaped our country. Here is a masterful picture of Americas achievements and failures, large-scale socio-historical forces, and pivotal events. Boyer sheds light on the colonial era, the Revolution and the birth of the new nation; slavery and the Civil War; Reconstruction and the Gilded Age; the Progressive era, the Roaring Twenties and the Great Depression; the two world wars and the Cold War that followed; right up to the tragedy of 9/11, the wars in Iraq and Afghanistan, and the epoch-making election of Barack Obama. Certain broad trends shape much of the narrative--immigration, urbanization, slavery, continental expansion, the global projection of U.S. power, the centrality of religion, the progression from an agrarian to an industrial to a post-industrial economic order. Yet in underscoring such large themes, Boyer also highlights the diversity of the American experience, the importance of individual actors, and the crucial role of race, ethnicity, gender, and social class in shaping the contours of specific groups within the nations larger tapestry. And along the way, he touches upon the cultural milestones of American history, from Tom Paines The Crisis to Allen Ginsbergs Howl. American History: A Very Short Introduction is a panoramic history of the United States, one that covers virtually every topic of importance--and yet can be read in a single day.

Give Me Liberty! Feb 19 2022 The leading text in the U.S. survey course.

Apr 21 2022 The leading text in the U.S. survey course.

Who Owns History? Dec 05 2020 A thought-provoking new book from one of America's finest historians "History," wrote James Baldwin, "does not refer merely, or even principally, to the past. On the contrary, the great force of history comes from the fact that we carry it within us, are unconsciously controlled by it in many ways, and history is literally present in all that we do." Rarely has Baldwin's insight been more forcefully confirmed than during the past few decades. History has become a matter of public controversy, as Americans clash over such things as museum presentations, the flying of the Confederate flag, or reparations for slavery. So whose history is being written? Who owns it? In Who Owns History?, Eric Foner proposes his answer to these and other questions about the historian's relationship to the world of the past and future. He reconsiders his own earlier ideas and those of the pathbreaking Richard Hofstadter. He also examines international changes during the past two decades--globalization, the collapse of the Soviet Union, the end of apartheid in South Africa--and their effects on historical consciousness. He concludes with considerations of the enduring, but often misunderstood, legacies of slavery, the Civil War, and Reconstruction. This is a provocative, even controversial, study of the reasons we care about history--or should.

Give Me Liberty! Jul 12 2021 The leading text in the U.S. survey course.

The Age of Reform Feb 25 2020 Winner of the Pulitzer Prize in Non-Fiction. This book is a landmark in American political thought. Preeminent Richard Hofstadter examines the passion for progress and reform that colored the entire period from 1890 to 1940 with startling and stimulating results. The Age of Reform searches out the moral and emotional motives of the reformers the myths and dreams in which they believed, and the realities with which they had to compromise.

The Lost Kitchen Aug 01 2020 An evocative, gorgeous four-season look at cooking in Maine, with 100 recipes No one can bring small-town America to life better than a native. Erin French grew up in Freedom, Maine (population 719), helping her father at the griddle in his diner. An entirely self-taught cook who used cookbooks to form her culinary education, she now helms her restaurant, The Lost Kitchen, in a historic mill in the same town, creating meals that draw locals and visitors from around the world to a dining room that feels like an extension of her home kitchen. The food has been called "brilliant in its simplicity and honesty" by Food & Wine, and it is exactly this pure approach that makes Erin's cooking so appealing—and so easy to embrace at home.

Give Me Liberty! Sep 26 2022 The leading text, in a compact, value edition.

Gateway to Freedom: The Hidden History of the Underground Railroad Apr 09 2021 The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and

significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.

Forever Free Nov 23 2019 From one of our most distinguished historians, a new examination of the vitally important years of Emancipation and Reconstruction during and immediately following the Civil War—a necessary reconsideration that emphasizes the era's political and cultural meaning for today's America. In *Forever Free*, Eric Foner overturns numerous assumptions growing out of the traditional understanding of the period, which is based almost exclusively on white sources and shaped by (often unconscious) racism. He presents the period as a time of determination, especially on the part of recently emancipated black Americans, to put into effect the principles of equal rights and citizenship for all. Drawing on a wide range of long-neglected documents, he places a new emphasis on the centrality of the black experience to an understanding of the era. We see African Americans as active agents in overthrowing slavery, in helping win the Civil War, and—even more actively—in shaping Reconstruction and creating a legacy long obscured and misunderstood. Foner makes clear how, by war's end, freed slaves in the South built on networks of church and family in order to exercise their right of suffrage as well as gain access to education, land, and employment. He shows us that the birth of the Ku Klux Klan and renewed acts of racial violence were retaliation for the progress made by blacks soon after the war. He refutes lingering misconceptions about Reconstruction, including the attribution of its ills to corrupt African American politicians and "carpetbaggers," and connects it to the movements for civil rights and racial justice. Joshua Brown's illustrated commentary on the era's graphic art and photographs complements the narrative. He offers a unique portrait of how Americans envisioned their world and time. *Forever Free* is an essential contribution to our understanding of the events that fundamentally reshaped American life after the Civil War—a persuasive reading of history that transforms our sense of the era from a time of failure and despair to a threshold of hope and achievement.

Give Me Liberty!: An American History (Brief Fourth Edition) (Vol. One Volume) Oct 27 2022 The leading text in a brief, full-color edition. Clear, concise, integrated, and up-to-date, *Give Me Liberty!* is a proven success with teachers and students. The Brief Fourth Edition is streamlined and coherent, and features stronger coverage of American religion, a bright four-color design, and a reinforced pedagogical program aimed at fostering effective reading and study skills.

Midnight Rising Aug 21 2019 A New York Times Notable Book for 2011 A Library Journal Top Ten Best Books of 2011 A Boston Globe Best Nonfiction Book of 2011 Bestselling author Tony Horwitz tells the electrifying tale of the daring insurrection that put America on the path to bloody war. Plotted in secret, launched in the dark, John Brown's raid on Harpers Ferry was a pivotal moment in U.S. history. But few Americans know the true story of the men and women who launched a desperate strike at the slaveholding South. Now, *Midnight Rising* portrays Brown's uprising in vivid color, revealing a country on the brink of explosive conflict. Brown, the descendant of New England Puritans, saw slavery as a sin against America's founding principles. Unlike most abolitionists, he was willing to take up arms, and in 1859 he prepared for

battle at a hideout in Maryland, joined by his teenage daughter, three of his sons, and a guerrilla band that included former slaves and a dashing spy. On October 17, the raiders seized Harpers Ferry, stunning the nation and prompting a counterattack led by Robert E. Lee. After Brown's capture, his defiant eloquence galvanized the North and appalled the South, which considered Brown a terrorist. The raid also helped elect Abraham Lincoln, who later began to fulfill Brown's dream with the Emancipation Proclamation, a measure he called "a John Brown raid, on a gigantic scale." Tony Horwitz's riveting book travels antebellum America to deliver both a taut historical drama and a telling portrait of a nation divided—a time that still resonates in ours.

Give Me Liberty! May 22 2022 Concise, clear, compact, Eric Foner's brilliant synthesis of American history is the perfect teaching tool for the U.S. survey course.
