El conocimiento de otros pueblos aborígenes que desde hace tiempo la antropología ha logrado interpretar en su legítima especificidad cultural había permanecido desconocida en varios aspectos importantes; pero, felizmente, cada vez son más numerosas las personas que tienen conciencia de estas colectividades, para la contribución de las bases fundamentales de una entidad nacional. Un camino que nos lleva a conocer y valorar su cultura es la "literatura oral" tan maravillosa que

poseen estas etnias, y por medio de estos relatos, seguramente conoceremos en gran parte la idiosincrasia de éstas. Editorial Biosfera CA- Venezuela Este libro contiene el desarrollo de los siguientes temas: , Leyendas indígenas Descargue ya este libro y dejese conmovido por las leyendas narradas por Carmela Bentivenga de Napolitano. TAGS: Leyendas, leyendas venezolanas, venezuela, indígenas, indígenas venezolanos, leyendas para niños, pueblos originarios Desde las historias más remotas, el ser humano ha mantenido vivo en el recuerdo la tradición y la historia de los pueblos, esos hechos se han plasmado en la escritura. Por eso, despertar el placer de leer una leyenda es fomentar otras lecturas similares, conocer diferentes mundos, interpretar diversos orígenes, comprender, discernir y reflexionar sobre la interculturalidad de los contextos en los que se gestaron y que tienen en común: ser latinoamericanos. Este libro, que atiende a la diversidad latinoamericana, ayuda a jóvenes y adultos, alumnos y docentes a crear espacios de creación y recreación. Descargue ya este libro y conozca estos míticos relatos de la cultura latinoamericana. leyendas, mitos, folclor, literatura latinoamericana, narrativa latina, cuentos cortos, fantasía. A reader for your advanced beginning through intermediate Spanish students Legends from Mexico/Leyendas de México offers your students the opportunity to explore the rich folk legacy of Mexico through the 16 legends in this bilingual edition. Stories have been arranged

chronologically and cover the period of almost 1,500 years. The text is presented in simple Spanish and English so that students gain valuable reading skills in their new language with the support of their native language. The content questions that follow each reading enhance understanding, and the exercises reinforce the grammar and vocabulary list at the end of the last legend. "Esta antología se caracteriza por la amplitud de la muestra: 120 poemas de otros tantos autores, desde el siglo XVI. La inclusión de un poema precolombino y de textos del Conde de Lautréamont, J. Laforgue, J. Supervielle y Saint-John Perse es aporte novedoso. Muy útil el apéndice bibliográfico, pero la disposición de los poemas en 3 apartados es un tanto gratuita e innecesaria"--Handbook of Latin American Studies, v. 58. The book examines the history of Chilean painting from the early 19th century to the first years of the 21st century with more than 270 color plates of the most representative canvas of Chilean art. Autor Bindis Füller is a distinguished art critic and scholar specialized in painting. The Spanish-Speaking World is an anthology of twenty readings in English that will help students increase their cross-cultural awareness and deepen their understanding of Hispanic cultures worldwide. The readings are culled from a variety of sources, from scholarly journals to classic essays. All were selected not only for content, but for readability and accessibility to a wide audience. Presents legends from South America, Central America, the Spanish-speaking countries of the Caribbean, and Mexico, including tales from the native peoples of the region and others from the colonial period. Beginning with 1953, entries for Motion pictures and filmstrips, Music and phonorecords form separate parts of the Library of Congress catalogue. Entries for Maps and atlases were issued separately 1953-1955. Presents legends, fairy tales, fables, and excerpts from current Latino literature in both English and Spanish. Cloze procedure is a family of testing and teaching methods that leave blanks in discourse and ask examinees to restore the missing elements. Edited and coauthored by award-winning scholars, Cloze and Coherence shows how and why cloze procedure is sensitive to discourse constraints, and it offers a comprehensive theory of semiotics showing what coherence is and reviewing a great deal of cloze research.

It traces in particular the history of cloze research pertaining to studies of coherence from Hermann Ebbinghaus in the 1890s to Wilson L. Taylor in the 1950s until today. The research presented here aims to show that cloze scores tend to fall if discourse constraints are disrupted. Also explored are many subtle questions associated with this tendency. Populations discussed include native and nonnative speakers of English, native and nonnative speakers of French, and certain special populations such as deaf subjects and educable mentally retarded subjects. Contrary to some experts, it appears from the theory and the research that all of the normal subject populations as well as the special populations examined here benefit from the cognitive momentum gained from the episodic organization of ordinary discourse. This finding is sustained by research from Taylor, Oller et al., Cziko, Bachman, Jonz, and Taira. Further, some of Jonz's recent work shows why scrambling encyclopedic text (Timothy Shanahan and colleagues) failed to produce any significant decrement in cloze scores. Jonz demonstrated empirically that some texts (just as Gary A. Cziko had predicted) are not made more difficult by scrambling their sentences because the sentences of those texts are, in some cases, arranged in the manner of a list rather than a logically or chronologically structured series. Scrambling the list, therefore, has no significant impact. The final chapter of this study gives a comprehensive review of research reportedly showing that cloze is not sensitive to coherence. The authors show that all those efforts suffer from fatal flaws. Cloze and Coherence offers advances of two kinds. First, a better theoretical basis for experimental research on discourse comprehension and on literacy and language acquisition is presented, which stems from a fleshed-out semiotic theory. Second, experimental advances, whose results are published here for the first time, appear in various studies by Jonz, Chihara et al., Oller et al., and Taira. This work is well researched and illustrated. It includes figures, tables, appendices, a glossary, and an index. It will be a valuable tool for language and literacy testers and teachers. This book documents ongoing language shift to English among Latino professionals in California. It then describes current instructional practices used in the teaching of Spanish as an academic subject at the

high school and university levels to 'heritage' language students who, although educated entirely in English, acquired Spanish at home as a first language. It specifically examines the potential contribution of these instructional practices to the maintenance of Spanish. Los cuentos y las leyendas que integran esta antología pertenecen a la tradición oral de diferentes países de América Latina. Los ecos de las voces y de los siglos van a envolverte en la tibieza y en la historia de los pueblos latinoamericanos. Te invitamos a que conozcas las creencias, los mitos y las fábulas que fueron trasladándose de boca en boca a través del tiempo. En este libro de la colección "Oído Leído" se abren las palabras - vistas y oídas- de Colombia, de Perú, de México, de Argentina, de Uruguay, de Chile y de Paraguay. Cuando abras el libro, vas a encontrar imágenes. Te proponemos que leas y que escuches: te invitamos a que disfrutes de la riqueza infinita de nuestro continente a través del relato y sus múltiples posibilidades de despliegue.
