workbook is organized around Learning Objectives, which work like a built-in study guide. Multiple choice, true/false, crosswords, word searches, critical thinking scenarios, and other activities test the students knowledge of each chapter. Student supplement associated with: Pearson's Nursing Assistant Today, 1/e Francie Wolgin Kate Smith Julie French ISBN: 0135064422 The workbook is designed to help students review what they have learned from reading the textbook, and it is organized around learning objectives, which work like a built-in study guide. Multiple choice questions, true/false statements, critical thinking

scenarios, and other activities test the student's knowledge of each chapter. A skills checklist and practice certification exam are located at the end of the workbook. Get the most out of Sorrentino's Mosby's Textbook for Nursing Assistants, 8th Edition, and prepare for your certification exam! This chapter-by-chapter workbook and competency evaluation review reinforces your understanding of textbook content with numerous exercises and activities. It includes over 100 checklists -- one for every procedure in the text. The competency evaluation review helps you prepare for the certification exam with content review,

skills evaluation review, and practice exams. Comprehensive coverage corresponds chapter-by-chapter to the textbook. A wide variety of exercises enhances learning and keeps you interested. Over 100 procedure checklists allow step-by-step review of each procedure and for instructor and/or self-evaluation. Optional learning exercises are provided for longer programs and/or higher-level students. Independent learning activities in every chapter allow additional review and practice. Competency evaluation review section includes content review and review questions for all key topics as well as two practice exams that help to prepare you

for the written certification exam; the skills evaluation review helps you practice the procedures you may be required to perform for certification. With step-by-step instructions for over 100 nursing assistant procedures, Mosby's Textbook for Nursing Assistants, 8th Edition makes it easy to master the skills you need to succeed as a nursing assistant. Known for its visual approach and comprehensive, easy-to-read coverage, this market-leading text emphasizes the importance of the patient or resident as a person, communication, safety, comfort, effective delegation, and teamwork and time management. This edition

provides expanded content on the person's rights and pressure ulcers. The updated companion CD includes three new procedures, an updated audio glossary, and more. Written by respected educator Sheila Sorrentino and expert co-author Leighann Remmert, Mosby's Textbook for Nursing Assistants makes nurse assisting easy to learn. Complete coverage includes the knowledge and skills needed by the nursing assistant. A clear, readable writing style is supplemented with hundreds of full-color photographs and illustrations. Over 100 procedures are divided into pre-procedure, procedure, and post-procedure

sections for easier learning. Skills on the NNAAP® exam are highlighted throughout and have been updated to match the 2012 test plan. Delegation Guidelines identify your specific responsibilities in accepting commonly delegated tasks. Teamwork and Time Management boxes indicate ways you can efficiently work with and help nursing team members. Promoting Safety and Comfort boxes detail measures and cautions for providing safe, effective patient care. Caring About Culture boxes help you learn about the beliefs and customs of other cultures so you can provide appropriate care. Focus on Children and Older Persons

boxes provide age-specific information about the special needs, considerations, and circumstances of children and older persons. Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in these settings. Focus on Communication boxes provide guidelines for what to say and ask when communicating with residents, visitors, and the nursing team. Key abbreviations are included at the beginning of each chapter, with a comprehensive glossary at the back of the book. Key terms introduce chapter content with the important words and phrases. Chapter Review Questions are useful in

guiding your study, reviewing what you have learned, and studying for a test or the competency evaluation. CD icons indicate skills included on the companion CD. Video clip icons indicate skills for which video clips are included on the free Evolve companion website. Video icons indicate skills included in the Mosby's Nursing Assistant Video Skills 3.0 DVDs (sold separately). The Workbook and Competency Evaluation Review corresponds to chapters in the text and encourages learning with a wide variety of exercises and activities that challenge you to remember what you've learned. It also includes over 100 checklists, one for each

procedure in the textbook. The Competency Evaluation Review includes content review, skills evaluation review, and two practice exams. Sold separately. NEW! The Person's Rights and Pressure Ulcers chapters provides expanded information on these key areas. NEW Focus on PRIDE boxes highlight personal and professional responsibility, rights and respect, independence and social interaction, delegation and teamwork, and ethics and laws to help you promote pride in the person, family, and yourself. Two laminated, pocket-sized cards include information on normal vital signs, common measurement

conversions, positioning, the 24-hour clock, and abdominal and lateral regions. Updated companion CD contains interactive procedures, including three new procedures, learning exercises, an updated audio glossary, and a new Spanish audio glossary with phrases and terms. An updated A&P review, *Body Spectrum*, is available on the CD and on the Evolve companion website. This workbook presents numerous activities and review questions to help reinforce your understanding of each unit of *Nursing Assistant: a Nursing Process Approach*. You start by reviewing the unit summary and then complete the

activities to strengthen your recall of the information. Lastly, finish by reading the discussion questions to synthesize your knowledge. Originally published: Albuquerque, N.M.: Hartman Pub., c2005. Get a wide variety of exercises to enhance your learning with the *Workbook and Competency Evaluation Review to Mosby's Textbook for Long-Term Care Nursing Assistants, 8th Edition*. This chapter-to-chapter companion to *Mosby's Textbook for Long-Term Care Nursing Assistants, 8th Edition*, builds critical thinking skills and prepares you for your certification exam and clinical practice. Engaging review questions, exercises,

and independent learning activities go beyond the textbook to help you practice procedures required for certification and help you learn to provide competent and respectful care. Competency Evaluation Review section prepares you for certification exam without requiring you to purchase an additional text. 100 procedure checklists provide step-by-step list for completing skills for detailed self-evaluation of performance skills from the textbook. Optional learning exercises and mini-case studies highlight concepts and skills within each chapter so you can apply concepts and build critical thinking skills. A variety of

activities and exercises including multiple-choice questions, matching, true/false, fill-in-the-blank, crossword puzzles, and labeling to enhance your learning. Independent learning activities in every chapter promote critical thinking with optional higher-level study opportunities for those wishing to go beyond the basic competency level. NEW! Exercises covering textbook chapter Getting a Job provide guidance on career management starting with how to obtain work after finishing schooling. NEW! Math exercises increase your familiarity with common formulas and calculations

found on the job. A comprehensive nursing assistant training textbook which includes information on long-term care, multiple chapters on home health care, and material on subacute and acute care. In addition it includes in-depth information on resident and client rights with sidebars that teach ways to promote independence and prevent abuse and neglect; a discussion of culture change; infection prevention; anatomy and physiology with an emphasis on normal changes of aging; updated nutrition information on MyPyramid, special diets, and feeding techniques; current information on legal issues,

such as HIPAA and the Patient Self-Determination Act; 7 chapters on home health care, including information on medications, safety, infection prevention, mothers & newborns, and meal planning and preparation; a chapter containing subacute and acute care information, including pre- and post-operative care, as well as mechanical ventilation, chest tubes, and artificial airways. Master the essential skills of today's nursing assistant! Mosby's Textbook for Nursing Assistants, 9th Edition prepares you to work in long-term care, acute care, and subacute care settings. Known for its comprehensive coverage and an easy-to-read, visual

approach, this book includes step-by-step instructions for over 100 nursing assistant procedures. New to this edition is a practice scenario in each chapter to help you develop problem solving and critical thinking skills, as well as Focus on Math boxes that highlight common calculations done on the job. Written by well-known educator Sheila Sorrentino and expert co-author Leighann Remmert, this market-leading text emphasizes the importance of teamwork and communication — two elements critical to being an effective nursing assistant. This workbook contains review questions, puzzles, and exercises for each chapter in the

related textbook. It also contains procedure checklists and a practice exam. Learn the Secret to Success on the Nurse's Aide Course and Exams! Ever wonder why learning comes so easily to some people? This remarkable workbook reveals a system that shows you how to learn faster, easier and without frustration. By mastering the hidden language of the subject and exams, you will be poised to tackle the toughest of questions with ease. We've discovered that the key to success on the Nurse's Aide Course and Exams lies with mastering the Insider's Language of the subject. People who score high on their

exams have a strong working vocabulary in the subject tested. They know how to decode the vocabulary of the subject and use this as a model for test success. People with a strong Insider's Language consistently: Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The Nurse's Aide Vocabulary Workbook is different from traditional review books because it focuses on the exam's Insider's Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam

become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The Nurse's Aide Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply

didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students around the world. Reinforce your understanding of the essentials!

Corresponding to the chapters in Sorrentino's Mosby's Essentials for Nursing Assistants, 6th Edition this workbook provides a clear, comprehensive review of all the material included in the text. It uses a number of exercises and activities including case studies, matching, crosswords, labeling activities, multiple choice questions, and critical thinking exercises.
