European Parliaments Under Scrutiny Aug 01 2020 In the European tradition, parliaments are central political institutions that play a crucial role in the development of democratic societies. No other institution regularly offers a public arena for open deliberation and dissent, for discussing opposite points of view and for reaching compromise solutions between political adversaries. However, in spite of the growing visibility of modern parliaments, the study of parliamentary language use, interaction practices and discourse strategies has long been under-researched. Based on extensive parliamentary data, this book integrates a rich variety of innovative analytical approaches that explore the far-reaching impacts of parliamentary practices and linguistic strategies on current political action and interaction. Individual chapters problematise and re-evaluate the discourse-shaped identities and roles of Members of Parliament, the structure and functions of parliamentary discourse genres, interpersonal behaviour and intertextual meaning co-construction in post-Communist parliaments. They offer broad cross-cultural perspectives on parliamentary discursive psychology and argumentation. The book provides essential reading for scholars and students of language and linguistics, rhetoric, political and social sciences, as well as for anyone interested in language and politics.

Breaking the Language Barrier: Spanish Terms and Phrases for Medical Office Personnel Sep 02 2020 Designed as a quick reference for students and medical office staff, BREAKING THE LANGUAGE BARRIER: SPANISH TERMS AND PHRASES FOR MEDICAL PERSONNEL provides key medical terminology that makes it easier to communicate with the Spanish-

speaking patient. This is more than an English-Spanish translation dictionary, content includes bilingual information for greeting and scheduling, patient registration, intake and examinations, insurance and billing, referrals, protected health information, infection control, durable medical equipment, lab tests and special procedures, and health education all in a convenient guide that can fit in a pocket! Full-color anatomical illustrations, labeled in Spanish and English, serve as a handy reference to help patients communicate their needs and concerns. Chapters open with an alphabetical list of common medical terms in English accompanied by Spanish translations. The chapters then address topic-related questions and phrases most commonly experienced by medical personnel when communicating with the patient. Color-coded tabs identify the four main units of the guide for quick and easy access. Fully comprehensive, the resource addresses all the topics suggested in the MYP Language Acquisition Framework to help learners progress into the Diploma Programme.

Game Bet Nov 23 2019 A gripping political thriller about a presidential assassination and the unlikely hero who holds the fate of the free world in his hands. He's the finest shooter in the world, and in a few minutes, he'll have an open shot at the president of the United States. He cuts a hole in the glass, assembles his rifle, and finds his target. Five days earlier, Cory Williams made a bet that could save his life or get him shot to pieces. Deep in debt to his bookie, he wagered \$10,000 on a single crazy notion: that he could shoot the president right between the eyes. Of course, he doesn't actually plan on doing it – he'll win the money simply for sneaking the rifle through the herd of secret service agents, setting it up, and taking a picture through the scope. If anybody sees him carrying the gun, he'll be shot on sight. If he survives, he's a free man. But when a real assassin takes aim at the president, Cory finds himself caught in the middle of a deadly conspiracy with no choice but to shoot his way out. As compelling a piece of Cold War suspense fiction as *The Manchurian*

Candidate, Game Bet grabs the reader on the first page and holds on tight. When it comes to political thrillers, no one does it better than Richard Forrest.

Confessions of a Catholic Schoolboy Jan 18 2022 A smorgasbord of entertainment and lessons awaits readers as author Joe Farrell releases through Xlibris a unique memoir. Confessions of a Catholic Schoolboy: Jesus Runs Away and Other Stories chronicles his journey as a student who enjoys a carefree life amid schools of rigid discipline and stern religious training. In the early sixties, being in a Catholic school means being compelled to always abide by the rules: pray earnestly when told to do so, study the lessons to answer questions correctly, a “ yes ” or “ no ” answer should always be followed by “ Sister ” , and never ever do anything that would upset or make the teachers mad. Through vivid narration, Confessions of a Catholic Schoolboy unveils the funny side that lurks behind the austere façade of Catholic Schools. It follows the author as he finds himself caught up in different mischief during grade school and to even more grave misbehaviors—including a police arrest—during high school and college. A baby boomer, Farrell ’ s life is one that is carved by the tumult of the fifties and sixties and the social and personal

dramas that come along with it. His is an interesting wave of colors brightened by adventure, discipline, lessons learned, friendship, and love. Providing a good glimpse into the life of pure Catholic training, *Confessions of a Catholic Schoolboy: Jesus Runs Away and Other Stories* is a witty revelation of a schoolboy's shenanigans and the ultimate inspiration one can get from them. This memoir of growing up in the 60's is full of Farrell's wit, humor, and irreverence yet it's a touching and poignant story. A fun and enjoyable read.

Nationalism, Violence and Democracy Sep 14 2021 Ludger Mees offers the first comprehensive study of one of Europe's most protracted ethnic conflicts. He carefully analyzes both the historical roots of the conflict and its later growing violent dimension. Special attention is paid to the framing of a new opportunity structure during the 1990s, which facilitated the first serious, but ultimately frustrated, attempt to broker a settlement. In the light of different theoretical and comparative approaches, the reasons for the dramatic return of terrorism and the possibilities of a more successful conflict de-escalation in the near future are discussed.

Cuadros Student Text, Volume 4 of 4: Intermediate Spanish Sep 21 2019

Intermediate Spanish: Lab manual Dec 29 2022

Highlights of Spanish Astrophysics V Aug 13 2021 Astronomy is a scientific discipline that has developed a rapid and impressive growth in Spain. Thirty years ago, Spain occupied a purely anecdotal presence in the international context, but today it occupies the eighth position in the world in publication of astronomical articles, and, among other successes, owns and operates ninety per cent of the world's largest optical telescope GTC (Gran Telescopio Canarias). The Eighth Scientific Meeting of the Spanish Astronomical Society (Sociedad Española de Astronomía, SEA), held in Santander in July 7–11 2008, whose proceedings are in your hands, clearly shows the enthusiasm, motivation and quality of the present Spanish astronomical community. The event brought together 322 participants, who represent almost 50% of Spanish professional astronomers. This percentage, together with the continuously increasing, with respect to previous SEA meetings, number of oral presentations and poster contributions (179 and 127 respectively), confirms that the SEA conferences have become a point of reference to assess the interests and achievements of astrophysical research in Spain. The most important and current topics of modern Astrophysics were taken into account at the preliminary meeting, as well as the number and quality of participants and their contributions, to select the invited speakers and oral contributors. We took a week to enjoy the high quality contributions submitted by Spanish astronomers to the Scientific Organizing Committee. The selection was difficult. We wish to acknowledge the gentle advice and commitment of the SOC members.

Collective Situations Oct 15 2021 In Collective Situations scholars, artists, and art collectives present a range of socially engaged art practices that emerged in Latin America during the Pink Tide period, between 1995 and 2010. This volume's essays, interviews, and artist's statements—many of

which are appearing in English for the first time—demonstrate the complex relationship between moments of political transformation and artistic production. Whether addressing human rights in Colombia, the politics of urban spaces in Brazil, the violent legacy of military dictatorships in the region, or art ' s intersection with public policy, health, and the environment, the contributors outline the region ' s long-standing tradition of challenging ideas about art and the social sphere through experimentation. Introducing English-language readers to some of the most dynamic and innovative contemporary art in Latin America, *Collective Situations* documents new possibilities for artistic practice, collaboration, and creativity in ways that have the capacity to foster vibrant forms of democratic citizenship. Contributors Gavin Adams, Mariola V. Alvarez, Gustavo Buntinx, María Fernanda Cartagena, David Gutiérrez Castañeda, Fabian Cerejido, Paloma Checa-Gismero, Kency Cornejo, Raquel de Anda, Bill Kelley Jr., Grant H. Kester, Suzanne Lacy, Ana Longoni, Rodrigo Martí, Elize Mazadiego, Annie Mendoza, Alberto Muenala, Prerana Reddy, Maria Reyes Franco, Pilar Riaño-Alcalá, Juan Carlos Rodríguez

*Choosing Courage* Feb 07 2021 An inspirational, practical, and research-based guide for standing up and speaking out skillfully at work. Have you ever wanted to disagree with your boss? Speak up about your company's lack of diversity or unequal pay practices? Make a tough decision you knew would be unpopular? We all have opportunities to be courageous at work. But since courage requires risk—to our reputations, our social standing, and, in some cases, our jobs—we often fail to act, which leaves us feeling powerless and regretful for not doing what we know is right. There's a better way to handle these crucial moments—and *Choosing Courage* provides the moral imperative and research-based tactics to help you become more competently courageous at work. Doing for courage what Angela Duckworth has done for grit and Brene Brown for vulnerability, Jim Detert, the world's foremost expert on workplace courage, explains that courage isn't a character trait that only a few possess; it's a virtue developed through practice. And with the right attitude and approach, you can learn to hone it like any other skill and incorporate it into your everyday life. Full of stories of ordinary people who've acted courageously, *Choosing Courage* will give you a fresh perspective on the power of voicing your authentic ideas and opinions.

Whether you 're looking to make a mark, stay true to your values, act with more integrity, or simply grow as a professional, this is the guide you need to achieve greater impact at work.

English Pronunciation for Speakers of Spanish Oct 03 2020 English Pronunciation for Speakers of Spanish fills a gaping hole in the market for books on English phonetics and pronunciation because it not only combines theoretical issues and applications to practice, but it also adopts a contrastive English-Spanish approach to better suit the needs of Spanish-speaking learners of English (SSLE), enabling them to build gradually on the knowledge gained in each chapter. The book covers the key concepts of English phonetics and phonology in seven chapters written in an accessible and engaging style: 1. Phonetics and Phonology 2. The Production and Classification of Speech Sounds 3. Vowels and Glides 4. Consonants 5. Segment Dynamics: Aspects of Connected Speech 6. Beyond the Segment: Stress and Intonation 7. Predicting Pronunciation from Spelling (and vice versa) Features: in-text audio illustrations, as well as over a hundred written and audio exercises with corresponding keys and different kinds of artwork (Tables, Figures, illustrations, spectrograms, etc.) classic readings in the discipline in the Further Reading section of each chapter highlights the phonetic contrasts and specific cues that are more important to aid comprehension in English and offers guidelines on "correct" pronunciation habits to help SSLE sound as close as possible to native English The book's companion website, EPSS Multimedia Lab, can be used on computers, smartphones and tablets, and is useful for the self-taught student and the busy lecturer alike. Features of the website: a complete sound bank defining and illustrating the sounds of English RP as compared with those of Peninsular Spanish written definitions and animated diagrams, videos and original recordings (by native speakers of English and Spanish) showing the articulation of each sound, alongside its most common spellings, as well as pronunciation practice for individual words and whole sentences a comprehensive selection of over a hundred written and audio exercises (with their keys) for practice both at home or in the language lab audio files corresponding to the audio illustrations given in the written book a repository of useful resources by topics and a list of online glossaries and pronunciation dictionaries
