Eldenburg's fourth edition of Management Accounting combines the basic technical issues associated with cost management, management accounting and control with more recent and emerging themes and issues. Management accounting is a compulsory element of the accounting major, and this text is written to cover the content typically

taught in the two management accounting units offered in most accounting programs. The Management Accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes case videos, interactive problems and questions with immediate feedback. Eldenburg's unique resource can also form the basis of a blended learning solution for lecturers. A guide to nutrition lists calorie, fat, cholesterol, and other values for more than seventeen thousand individual food items, including brand-name foods, generic items, restaurant food, and take-out items. A timely new edition of the classic journalism text, now featuring updated material on the importance of reporting in the age of media mistrust and fake news—and how journalists can use technology to navigate its challenges More than two decades ago, the Committee of Concerned Journalists gathered some of America's most influential newspeople and asked them, "What is journalism for?" Through exhaustive research, surveys, interviews, and public forums, the committee identified the essential elements that define journalism and its role in our society. The result is one of the most important books on media ever written—winner of the Goldsmith Book Prize from Harvard, a Society of Professional Journalists Award, and the Bart Richards Award for Media Criticism from Penn State University. Updated with new material covering the ways journalists can leverage technology to their advantage, especially given the shifting revenue architecture of news—and with the future of news, facts, and democracy never more in question—this fourth edition of The Elements of Journalism is the authoritative guide for journalists, students, and anyone hoping to stay informed in contentious times. "Shipping Law Fourth

Edition is the landmark work in its field and provides comprehensive coverage of all aspects of maritime law from a uniquely Australian perspective. The Fourth Edition of this well-respected text on Australian maritime law captures the many developments that have occurred since the last edition published in 2004 and will include comparative reference to English and American law. Commonly-occurring maritime law issues such as ship financing, insurance and liability are dealt with in useful detail alongside more occasional matters concerning pollution from ships, shipwrecks and the salvage of vessels. ... Shipping Law Fourth Edition is an authoritative and invaluable resource for maritime law practitioners, maritime insurers and organisations involved in transporting goods by sea."--Back cover. THE KNOWLEDGE YOU NEED TO BE A GRAMMAR GURU. How you speak and write can say a lot about you. Grammar makes a lasting impression, but learning it can seem like a never-ending parade of complicated and contradictory rules! That's why we at The Princeton Review created Grammar Smart—instead of boring you with countless rules and confusing grammatical terms, this book takes a fun approach to showing the logic behind each correct sentence. This updated fourth edition of Grammar Smart brings you:

- In-depth reviews of the basic parts of speech
- Tips on how to avoid misplaced modifiers and dangling participles
- A glossary of key grammar terms
- Quick quizzes throughout the book to help you check your progress
- Detailed sentence diagrams to help you identify word classes
- Comprehensive summaries of each major grammar topic

The Bar and Beverage Book explains how to manage the beverage option of a restaurant, bar, hotel, country club—any place that serves beverages to customers. It provides readers with the history of the beverage industry and appreciation of wine, beer, and spirits; information on equipping, staffing, managing, and marketing a bar; and the purchase and mixology of beverages. New topics in this edition include changes to regulations regarding the service of alcohol, updated sanitation guidelines, updates to labor laws and the employment of staff, and how to make your operation more profitable. New trends in spirits, wine, and beer are also covered. We are working with Cambridge Assessment International

Education to gain endorsement for this forthcoming title. This text introduces single variable calculus and selected topics in multivariate calculus from an applied perspective. The topics are drawn from the syllabus of an integrated mathematics and physics course taught at the University of Guelph. The topics and exercises are the result of five years of testing and evaluation.
