Transforming Criminal Justice? May 11 2021 Why is punishment not more effective? Why do we have such high re-offending rates? How can we deal with crime and criminals in a more cost-effective way? Over the last decade in particular, the United Kingdom, in common with other jurisdictions such as Canada, the United States (US) and Australia, has sought to develop more effective ways of responding to criminal behaviour through court reforms designed to address specific manifestations of crime. Strongly influenced by developments in US court specialisation, problem-solving and specialist courts - including domestic violence courts, drugs courts, community courts and mental health courts - have proliferated in Britain over the last few years. These courts operate at the intersection of criminal law and social policy and appear to challenge much of the traditional model of court practice. In addition, policy makers and practitioners have made significant attempts to try to embed problem-solving approaches into the criminal justice system more widely. Through examination of original data gathered from detailed interviews with judges, magistrates and other key criminal justice professionals in England and Wales, as well as analysis of legislative and policy interventions, this book discusses the impact of the creation and development of court specialisation and problem-solving justice. This book will be essential reading for students and academics in the fields of criminology, criminal justice, criminal law, socio-legal studies and sociology, as well as for criminal justice practitioners and policy-makers.

Crime and Justice Jul 13 2021 *Crime and Justice: a Guide to Criminology* has been for many years a leading Australian textbook for undergraduate and postgraduate students approaching this subject for the first time. The contributors are well known research active academics in Australia who contribute to the criminological debate at national and international level. Fully revised and updated, this 5th edition offers a comprehensive guide in criminal justice and criminology that is well suited to a dual-semester approach. It covers a wide range of topics including: different forms of crimes .. from street crime to state crime and international crimes; who commits crimes and who are the victims of crimes; and how society responds to crime. This book offers a balance between critical and administrative criminological traditions to add to the discourse of crime and justice in the twenty-first century.

Criminology and the Criminal Justice System Mar 29 2020 This book is for everyone interested in the historical development of the ideas on crime and punishment and their impact on the criminal justice system and the fight against crime more widely. This is the first published study not only to discuss the development of criminology and the criminal justice systems of Western Europe (Belgium, the Netherlands, Germany, France, Great Britain and Italy) but also to delve into the interplay with the evolution of the system in the United States from the end of the eighteenth century up to this day.

The Machinery of Criminal Justice May 31 2020 Two centuries ago, American criminal justice was run primarily by laymen. Jury trials passed moral judgment on crimes, vindicated victims and innocent defendants, and denounced the guilty. But since then, lawyers have gradually taken over the process, silencing victims and defendants and, in many cases, substituting plea bargaining for the voice of the jury. The public sees little of how this assembly-line justice works, and victims and defendants have largely lost their day in court. As a result, victims rarely hear defendants express remorse and apologize, and defendants rarely receive forgiveness. This lawyerized machinery has purchased efficient, speedy processing of many cases at the price of sacrificing softer values, such as reforming defendants and healing wounded victims and relationships. In other words, the U.S. legal system has bought quantity at the price of quality, without recognizing either the trade-off or the great gulf separating lawyers' and laymen's incentives, values, and powers. In *The Machinery of Criminal Justice*, author Stephanos Bibas surveys the developments over the last two centuries, considers what we have lost in our quest for efficient punishment, and suggests ways to include victims, defendants, and the public once again. Ideas range from requiring convicts to work or serve in the military, to moving power from prosecutors to restorative sentencing

juries. Bibas argues that doing so might cost more, but it would better serve criminal procedure's interests in denouncing crime, vindicating victims, reforming wrongdoers, and healing the relationships torn by crime.

Comparative Criminal Justice Aug 02 2020 David Nelken is the 2013 laureate of the Association for Law and Society International Prize The increasingly important topic of comparative criminal justice is examined from an original and insightful perspective by David Nelken, one of the top scholars in the field. The author looks at why we should study crime and criminal justice in a comparative and international context, and the difficulties we encounter when we do. Drawing on experience of teaching and research in a variety of countries, the author offers multiple illustrations of striking differences in the roles of criminal justice actors and ways of handling crime problems. The book includes in-depth discussions of such key issues as how we can learn from other jurisdictions, compare 'like with like', and balance explanation with understanding – for example, in making sense of national differences in prison rates. Careful attention is given to the question of how far globalisation challenges traditional ways of comparing units. The book also offers a number of helpful tips on methodology, showing why method and substance cannot and should not be separated when it comes to understanding other people's systems of justice. Students and academics in criminology and criminal justice will find this book an invaluable resource. Compact Criminology is an exciting series that invigorates and challenges the international field of criminology. Books in the series are short, authoritative, innovative assessments of emerging issues in criminology and criminal justice – offering critical, accessible introductions to important topics. They take a global rather than a narrowly national approach. Eminently readable and first-rate in quality, each book is written by a leading specialist. Compact Criminology provides a new type of tool for teaching, learning and research, one that is flexible and light on its feet. The series addresses fundamental needs in the growing and increasingly differentiated field of criminology.

Core Concepts in Criminal Law and Criminal Justice Sep 15 2021 A comparative and collaborative study of the foundational principles and concepts that underpin different domestic systems of criminal law.

Criminal Justice Theory Oct 16 2021 Criminal Justice Theory, Second Edition is the first and only text, edited by U.S. criminal justice educators, on the theoretical foundations of criminal justice, not criminological theory. This new edition includes entirely new chapters as well as revisions to all others, with an eye to accessibility and coherence for upper division undergraduate and beginning graduate students in the field.

Crime and Justice in Contemporary Japan Nov 24 2019 This book provides an important overview of key criminology and criminal justice concerns in Japan. It highlights similarities between the practice of criminology research in Japan, as well as important differences, with other areas of Asia and with the West. In previous decades, Japan attracted international attention as the only industrialized country where the crime rate declined along with a rise in urbanization and economic development. Currently, Japan still enjoys a declining crime rate (the lowest among major industrialized countries) and a study of criminal justice practices in Japan may provide important insights for other regions. Japan also experiences important contemporary challenges which are shared by other regions: 1. Japan has the highest proportion of people over the age of 60 in the world. For criminology, this means key challenges in the victimization of older people, as well as the challenges of an aging prison population. 2. Besides the United States, Japan is the only developed country that still practices capital punishment, and its rate has been on the rise in the past 20 years. 3. Japan has also introduced new reforms in its law practice, including the introduction of new trial formats. The research in this book provides a helpful overview for scholars interested in criminology and criminal justice in Japan to understand the key issues of concern, and present a framework for future research needs. It will be of interest to researchers in criminology and criminal justice, international studies, Asian Studies, sociology, and political science.

SOU-CCJ230 Introduction to the American Criminal Justice System Sep 03 2020

The Collapse of American Criminal Justice Jan 27 2020 Rule of law has vanished in America's criminal justice system. Prosecutors decide whom to punish; most accused never face a jury; policing is inconsistent; plea bargaining is rampant; and draconian sentencing fills prisons with mostly minority defendants. A

leading criminal law scholar looks to history for the roots of these problems—and solutions.

Understanding Criminal Justice Aug 22 2019 Providing an overview of the sociological approaches to law and criminal justice, this book focuses on how law and the criminal justice system inevitably affect one another, and the ways in which both are intimately connected with wider social forces.

Ethical Dilemmas and Decisions in Criminal Justice Oct 24 2019 Packed with current, real-world examples, **ETHICAL DILEMMAS AND DECISIONS IN CRIMINAL JUSTICE** offers comprehensive, balanced and practical coverage of ethics as it relates to the police, courts and corrections. The tenth edition discusses the philosophical principles and theories that are the foundation of ethical decision making, as well as the latest challenges and issues in criminal justice--the Black Lives Matter movement and the Ferguson effect, DOJ consent decrees, the militarization of the police, sanctuary cities, wrongful convictions, the misuse of power and more. It also provides a wealth of hands-on exercises as well as such insightful features as In the News boxes that spotlight recent examples of misconduct. For those studying or contemplating a career in criminal justice, real-life cases and situations demonstrate the significance of ethics in today's criminal justice arena. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Criminal Justice Information Systems Apr 29 2020 The proliferation of information systems throughout the criminal justice system has prompted many universities supporting criminal justice programs to add criminal justice information systems technology to their curriculums. Several universities have gone so far as to hire professors with specializations in information technology and to offer criminal justice information systems as an area of concentration. *Introduction to Criminal Justice Information Systems* gives an overview of the various software systems and technologies currently used in the criminal justice environment. The book covers a variety of topics critical to each member of the criminal justice system: police, prosecutor, courts, and corrections. It details the current systems in use, how they are used, and how separate systems interact with others. It also suggests how the current technology and the processes built upon it will evolve. While designed as a textbook to meet the needs of an introductory criminal justice information technology course, *Introduction to Criminal Justice Information Systems* is also a flexible resource useful to professionals in relevant areas of the criminal justice system. With rapidly increasing development and use of technology in modern law enforcement, this book provides a much-needed reference for those who are responsible for its implementation as well as an essential introduction to those who will become responsible for it. An instructor's manual is available as an electronic download upon request.

Criminal Law & Criminal Justice Dec 30 2022 This accessible text enables criminology and criminal justice students to understand and critically evaluate criminal law in the context of criminal justice and wider social issues. The book explains criminal law comprehensively, covering both general principles and specific types of criminal offences. It examines criminal law in its social context, as well as considering how it is used by the criminal justice processes and agencies which enforce it in practice. Covering all the different theoretical approaches that the student of criminology and criminal justice will need to understand, the book provides learning tools such as: -chapter objectives - making the structure of the book easy to follow for students -questions for discussion and student exercises - helping students to think critically about the ideas and concepts in each chapter, and to undertake further independent and reflective study -?definition boxes? explaining key concepts - helping students who are not familiar with specialist criminal law terminology to understand what the key basic concepts in criminal law really mean in practice -a companion Website which incorporates a range of resources for lecturers and students.

The Criminal Justice System Oct 28 2022 *The Criminal Justice System: An Introduction, Fifth Edition* incorporates the latest developments in the field while retaining the basic organization of previous editions which made this textbook so popular. Exploring the police, prosecutors, courts, and corrections, including probation and parole, the book moves chronologically through the different agencies in the order in which they are usually encountered when an individual goes through the criminal justice process. New in the Fifth Edition: A complete updating of charts and statistics to reflect the changes the FBI has made to the Unified Crime Reports System Expanded material on the history of law enforcement Additional information on

terrorism, homeland security, and its effect on the police New approaches to policing such as Problem-Oriented Policing and Intelligence-Led Policing Cyber crime, identity theft, accreditation, and new approaches to crime analysis New information on prosecution standards, community prosecution, and prosecutorial abuse New emphasis on the concept of jurisdiction and the inter-relation between the courts' functions and the other branches of the criminal justice system An examination of the dilemma for the courts caused by the intersection of politics, funding, media, and technology New discussions on prisoner radicalization Pedagogical features: Each chapter begins with an outline and a statement of purpose to help students understand exactly what they are supposed to master and why Illustrations to assist in the clarification and further development of topics in the text Each chapter ends with a summary, a list of key terms, and a series of discussion questions to stimulate thought Appendices with the United States Constitution, a glossary of criminal justice terminology, and websites useful in gaining knowledge of the criminal justice system Access to a free computerized learning course based on the book

Justice Reinvestment Dec 26 2019 Rising prison numbers on both sides of the Atlantic are cause for concern. Justice Reinvestment is a major movement in criminal justice reform in the US that is also attracting lots of interest in the UK. Justice Reinvestment is an approach to addressing the penal crisis that uses the best available evidence to re-direct resources to more effective rehabilitation of offenders and better 'prehabilitation'. It takes a more holistic view of criminal justice and is particularly concerned to address the community dimensions of offending and re-offending. The authors highlight competing models of Justice Reinvestment and argue for a more radical version in which criminal justice reform is seen as part of a wider social justice reform programme. This is the first substantial publication on Justice Reinvestment and shows that 'Justice Reinvestment' has huge potential to re-shape the criminal justice system. It will be essential reading for undergraduate and post-graduate students with an interest in criminal justice reform. Practitioners and policy-makers working in the criminal justice system in the US and the UK will also value the fresh perspective it brings to criminal justice reform and its breadth of coverage including insights into the penal crisis, different models of Justice Reinvestment, the use of criminal justice data and research evidence in re-designing criminal justice services and new approaches to commissioning.

Criminal Justice at the Crossroads Nov 17 2021 Over the past forty years, the criminal justice system in the United States has engaged in a very expensive policy failure, attempting to punish its way to public safety, with dismal results. So-called "tough on crime" policies have not only failed to effectively reduce crime, recidivism, and victimization but also created an incredibly inefficient system that routinely fails the public, taxpayers, crime victims, criminal offenders, their families, and their communities. Strategies that focus on behavior change are much more productive and cost effective for reducing crime than punishment, and in this book, William R. Kelly discusses the policy, process, and funding innovations and priorities that the United States needs to effectively reduce crime, recidivism, victimization, and cost. He recommends proactive, evidence-based interventions to address criminogenic behavior; collaborative decision making from a variety of professions and disciplines; and a focus on innovative alternatives to incarceration, such as problem-solving courts and probation. Students, professionals, and policy makers alike will find in this comprehensive text a bracing discussion of how our criminal justice system became broken and the best strategies by which to fix it.

Gender, Crime and Criminal Justice Jan 19 2022 This book provides a lucid and highly acclaimed introduction to gender issues in crime and criminal justice, central to any understanding of crime and criminal justice policy and practice. This second edition has been updated to take full account of recent developments, particularly in the areas of policing, crime prevention, restorative justice and legislation relating to sexual offences and the nature and impact of crime on women ? in particular the Sexual Offences Act 2003. Gender, Crime and Criminal Justice is divided into three main sections. The first considers different ways of theorising about gender and the relative impact of this on thinking about crime and criminal victimisation; the second considers some of the evidence in relation to people's gendered experiences of crime and criminal victimisation; the third considers how those working within the criminal justice system, and the policies that are put in place, work to sustain or change those experiences of crime

and criminal victimisation in relation to gender.

Criminal Justice Mar 21 2022 A very good overarching student text book which deals comprehensively with the main themes and topics within criminal justice. - Jenny Johnstone, Newcastle Law School, Newcastle University An excellent book that is invaluable to new students in particular, it gives a good, clear insight into the Criminal Justice System and also has good review and discussion points to reinforce the key learning points...The best book in its field. - Dr. Richard Peake, University of Leeds The 5th edition continues to provide a comprehensive introduction to all aspects of the Criminal Justice system. Fully up to date, it combines a description of the major agencies involved in the control of crime and the pursuit of justice with an introduction to criminal justice theory and key concepts in English criminal law.

Capital Punishment Apr 10 2021 As most jurisdictions move away from the death penalty, some remain strongly committed to it, while others hold on to it but use it sparingly. This volume seeks to understand why, by examining the death penalty's relationship to state governance in the past and present. It also examines how international, transnational and national forces intersect in order to understand the possibilities of future death penalty abolition. The chapters cover the USA - the only western democracy that still uses the death penalty - and Asia - the site of some 90 per cent of all executions. Also included are discussions of the death penalty in Islam and its practice in selected Muslim majority countries. There is also a comparative chapter departing from the response to the mass killings in Norway in 2011. Leading experts in law, criminology and human rights combine theory and empirical research to further our understanding of the relationships between ways of governance, the role of leadership and the death penalty practices. This book questions whether the death penalty in and of itself is a hazard to a sustainable development of criminal justice. It is an invaluable resource for all those researching and campaigning for the global abolition of capital punishment.

Psycho-Criminological Perspective of Criminal Justice in Asia Mar 09 2021 This book offers both theoretical and practical examinations of the psycho-criminology of criminal justice in Asia, with particular emphasis on the Hong Kong and Singapore contexts. It is designed to present the current state of the field, which addresses key topics in three major sub-areas – policing and legal system, offender rehabilitation and treatment, and research and future directions. Written by academics with extensive research experience in their respective topics and senior ranking practitioners in their fields, topics include psychologists' involvement in different aspects of forensic investigation, police emotional reactions to major incidents, the application of psychological approaches in developing offender rehabilitation and treatment modules to address different offender's criminogenic needs, and legal issues related to the insanity defence, fitness to plead, the jury system, and the procedural justice and legitimacy. An important reference for post-graduate courses, this book will be of special interest to criminologists and psychologists working in forensic settings, mental health professionals, policy-makers, police personnel, prison officials, and legal executives. Chapters include: 1. Youth gang offenders in Singapore 2. Offender rehabilitation: the Hong Kong Correctional Services Department 3. Juries as decision makers in East Asian judicial systems: Hong Kong, the Mainland China, South Korea, and Japan 4. The psychology of violent extremism: what we know and what else we need to do

The Routledge Handbook of Technology, Crime and Justice Apr 22 2022 Technology has become increasingly important to both the function and our understanding of the justice process. Many forms of criminal behaviour are highly dependent upon technology, and crime control has become a predominantly technologically driven process – one where 'traditional' technological aids such as fingerprinting or blood sample analysis are supplemented by a dizzying array of tools and techniques including surveillance devices and DNA profiling. This book offers the first comprehensive and holistic overview of global research on technology, crime and justice. It is divided into five parts, each corresponding with the key stages of the offending and justice process: Part I addresses the current conceptual understanding of technology within academia and the criminal justice system; Part II gives a comprehensive overview of the current relations between technology and criminal behaviour; Part III explores the current technologies within crime control and the ways in which technology underpins contemporary formal and informal social control; Part IV sets out some of the fundamental impacts technology is now having upon the judicial process; Part V reveals the

emerging technologies for crime, control and justice and considers the extent to which new technology can be effectively regulated. This landmark collection will be essential reading for academics, students and theorists within criminology, sociology, law, engineering and technology, and computer science, as well as practitioners and professionals working within and around the criminal justice system.

Criminal (In)Justice Sep 27 2022 In his impassioned-yet-measured book, Rafael A. Mangual offers an incisive critique of America's increasingly radical criminal justice reform movement, and makes a convincing case against the pursuit of "justice" through mass-decarceration and depolicing. After a summer of violent protests in 2020—sparked by the deaths of George Floyd, Breonna Taylor, and Rayshard Brooks—a dangerously false narrative gained mainstream acceptance: Criminal justice in the United States is overly punitive and racially oppressive. But, the harshest and loudest condemnations of incarceration, policing, and prosecution are often shallow and at odds with the available data. And the significant harms caused by this false narrative are borne by those who can least afford them: black and brown people who are disproportionately the victims of serious crimes. In *Criminal (In)Justice*, Rafael A. Mangual offers a more balanced understanding of American criminal justice, and cautions against discarding traditional crime control measures. A powerful combination of research, data-driven policy journalism, and the author's lived experiences, this book explains what many reform advocates get wrong, and illustrates how the misguided commitment to leniency places America's most vulnerable communities at risk. The stakes of this moment are incredibly high. Ongoing debates over criminal justice reform have the potential to transform our society for a generation—for better or for worse. Grappling with the data—and the sometimes harsh realities they reflect—is the surest way to minimize the all-too-common injustices plaguing neighborhoods that can least afford them.

Criminal (In)Justice Nov 29 2022 "Criminal (In)Justice presents an overview of the criminal justice system from the angle of critical criminology instead of the traditional 'this is who we are and this is what we do' approach. This book makes students ask why the system is what it is and why it does what it does—and what are the results of those actions." -Milton C. Hill, Stephen F. Austin State University *Criminal (In)Justice: A Critical Introduction* takes an unflinching look at the American criminal justice system and the social forces that affect the implementation of justice. Author Aaron Fichtelberg uses a unique, critical perspective to introduce students to criminal justice and encourages them to look closer at the intersection of race, class, gender, and inequality in the criminal justice system. Covering each of the foundational areas of the criminal justice system—policing, courts, and corrections—this book takes an in-depth look at the influence of inequality, making it ideal for instructors who want students to critically assess and understand the American criminal justice system.

Women, Crime and Criminal Justice Dec 06 2020 *Women, Crime and Criminal Justice* is the winner of the Division of International Criminology's Distinguished Book Award 2014 and the Academy of Criminal Justice Sciences International Section's 2015 Outstanding Book Award and the first fully internationalised book to focus on women as offenders, victims and justice professionals. It provides background, as well as specialized information that allows readers to comprehend the global forces that shape women and crime; analyze different types of violence against women (in peacetime and in armed conflict); and grasp the challenges faced by women in justice professions such as the police, the judiciary and international peacekeeping. Provocative, highly topical, engaging and written by an expert in the field, this book examines the role of women in crime and criminal justice internationally. Topics covered include: the role of globalization and development in patterns of female offending and victimization, how a human rights framework can help explain women's crime, victimization and the criminal justice response, global women's activism, international perspectives on violence against women, including femicide, violence in conflict and post conflict settings, sex work and sex trafficking, women's access to justice, as well as the increased role of women in international criminal justice settings. This book will be essential reading for those involved in the study of development, human rights, governance, security sector reform, international relations and public health, as debates about these subjects are intrinsically linked to the issues surrounding women, crime and justice. It will also be useful for students taking courses on gender, crime and criminal justice, violence against women, international criminal justice and gender studies.

An Introduction to Criminal Justice Jul 25 2022 A contemporary guide to the criminal justice process, the broad scope of this book means it will be a trusted companion throughout a Criminology and/or Criminal Justice degree. The contents of *An Introduction to Criminal Justice* include: 23 chapters spanning all that's involved with, and fully contextualising, the criminal justice process: the agencies, institutions and processes and procedures that deal with victims, offenders and offending A detailed timeline of criminal justice since 1945 Consideration of victims and witnesses, complaints and misconduct A comprehensive review of policing, prosecution, the courts, imprisonment and community sanctions A focus on community safety, crime prevention and youth justice A review of the effectiveness of the criminal justice process Exploration of global and international dimensions as well as the futures of criminal justice Lots of helpful extras including further reading suggestions, case studies, self-study questions and a glossary of terms. The accompanying website to *An Introduction to Criminal Justice* has: A podcast interview with a police officer Practice essay questions Multiple choice questions Suggested website resources to explore Videos.

Introduction to Criminal Justice Nov 05 2020 *Introduction to Criminal Justice: Systems, Diversity, and Change, Second Edition*, offers students a brief, yet comprehensive, introduction to Criminal Justice with up-to-date coverage of all aspects of the criminal justice system in succinct and engaging chapters. Authors Callie Marie Rennison and Mary Dodge weave four true criminal case studies throughout the book, capturing students' attention with memorable stories that illustrate the real-life pathways and outcomes of criminal behavior and victimization. Designed to show the connectedness of the criminal justice system, each case study brings the chapter concepts to life. To further captivate and inform students, important and timely topics such as ethics, policy, gender, diversity, victimization, and white-collar crime are discussed throughout.

Comparative Perspectives on Criminal Justice in China Jun 24 2022 'This highly informative and engaging volume on the Chinese criminal justice system today provides a window into the vagaries of law and its operation in the People's Republic. McConville and Pils bring together an impressive array of scholars whose studies span the criminal process. from initial police investigation, through to prosecution and sentencing of defendants, we see how dominant values in the Chinese state and its structures of power make the practice of criminal justice today still intensely political.' - Susan Trevaske, Griffith University, Australia

***Criminal Justice* Sep 22 2019** The most straightforward overview available. Covers the entire criminal justice system. A 'no frills' explanation for beginners. This basic guide sets out the main components of the criminal justice system in an accessible way. Intended as a starting point for readers coming to the subject for the first time it is ideal for new staff, volunteers, first year students and other 'rookies': a short book of facts, explanations and pointers to further study. Chapters: 1. What is Crime? 2. What is Criminal Justice? 3. Who's Who? 4. Modern Developments 5. The Police 6. The Criminal Courts in Action 7. Sentencing (including Probation Work) 8. Prisons and Imprisonment 9. Victims and Restorative Justice 10. Causes of Crime The book also features the Rule of Law, risk assessment, decision-making, forensic investigation, witnesses, surveillance, criminology, crime reduction strategies, border controls, penal reform and some international and historical dimensions. With a Glossary of Words, Phrases and Abbreviations.

***International Crime and Justice* Jul 01 2020** International crime and justice is an emerging field that covers international and transnational crimes that have not been the focus of mainstream criminology or criminal justice. This book examines the field from a global perspective. It provides an introduction to the nature of international and transnational crimes and the theoretical perspectives that assist in understanding the relationship between social change and the waxing and waning of the crime opportunities resulting from globalization, migration, and culture conflicts. Written by a team of world experts, it examines the central role of victim rights in the development of legal frameworks for the prevention and control of transnational and international crimes. It also discusses the challenges to delivering justice and obtaining international cooperation in efforts to deter, detect, and respond to these crimes.

***Criminal Justice Theory, Volume 26* Feb 08 2021** *Criminal Justice Theory: Explanations and Effects* undertakes a systematic study of theories of the criminal justice system, which historically have received very little attention from scholars. This is a glaring omission given the risk of mass imprisonment, the

increasing presence of police in inner-city communities, and the emergence of new policy initiatives aimed at improving the quality and effectiveness of the administration of justice. Fortunately, however, a number of disparate theoretical works have appeared that seek to provide insight into the nature and impact of criminal justice. Based on 13 original essays by influential scholars, this volume pulls together the most significant of these perspectives, thus creating a state-of-the-art assessment of contemporary criminal justice theory. Criminal justice theory can be divided into two main categories. The first includes works that seek to explain the operation of the criminal justice system. Most of these contributions have grappled with the core reality of American criminal justice: its rising embrace of punitiveness and the growth of mass imprisonment. The second category focuses on works that identify theories that have often guided efforts to reduce crime. The issue here focuses mainly on the effects of certain theoretically guided criminal justice interventions. The current volume is thus organized into these two categories: explanations and effects. The result is an innovative and comprehensive book that not only serves researchers by advancing scholarship but also is appropriate for advanced undergraduate or graduate classroom use.

Global Perspectives on Reforming the Criminal Justice System Feb 26 2020 The often-tenuous relationship between law enforcement and communities of color, namely African Americans, has grown increasingly strained, and the call for justice has once again ignited the demand for criminal justice reform. Rebuilding the trust between the police and the citizens that they have sworn to protect and serve requires that criminal justice practitioners and educators collaborate with elected officials and commit to an open, ongoing dialogue on the most challenging issues that remain unresolved but demand collective attention and support. Reform measures are not limited to policing policies and practices, but rather extend throughout the criminal justice system. There is no denying that the criminal justice system as we know it is flawed, but not beyond repair. **Global Perspectives on Reforming the Criminal Justice System** provides in-depth and current research about the criminal justice system around the world, its many inadequacies, and why it urgently needs reformation. Offering a fully fleshed outline of the current system, this book details the newest research and is incredibly important to fully understand the flaws of the criminal justice system across the globe. The goals of this book are to improve and advance the criminal justice system by addressing the glaring weaknesses within the system and discuss potential reforms including decreasing the prison population (decarceration) and improving police/community relations. Highlighting topics that include accountability, community-oriented policing, ethics, and mass incarceration, this book is ideal for law enforcement officers, trainers/educators, government officials, policymakers, correctional officers, court officials, professionals, researchers, academicians, and students in the fields of criminal justice, criminology, sociology, psychology, addictions, mental health, social work, public policy, and public administration.

Criminal Justice: An Introduction Jun 12 2021 **Criminal Justice: An Introduction** offers a current, lively and thorough introduction to criminal justice. Students are easily drawn to the intriguing field with coverage of past developments, contemporary issues, and tomorrow's challenges. This edition offers new material on diversity in the Criminal Justice System to help students better understand the system from the perspective of women and minorities. Manageable in terms of size and price, **Criminal Justice: An Introduction** offers a concise and affordable option to your Criminal Justice course.

Understanding Criminal Justice in Hong Kong Feb 20 2022 **Understanding Criminal Justice in Hong Kong** provides a much-needed overview of the criminal justice system in Hong Kong. It is designed to be used as a text for students studying this subject as part of a wider course in criminal justice, police studies, law or social work, and for practitioners working in Hong Kong in the police, prisons, probation, voluntary agencies and other criminal justice personnel. It will also be an invaluable source of information about how criminal justice operates in Hong Kong in the context of broader courses in comparative criminal justice. This book outlines the basic concepts of criminal law in Hong Kong, and analyses the process of the criminal justice system, ranging from the report of a crime through to the correctional system. At the same time it examines how the criminal justice personnel or actors work in practice, and how they deal with the offenders and victims during the criminal justice process. Throughout the book readers are also encouraged to consider the arguments and debates that surround the controversial issues in the Hong Kong

criminal justice system.

Criminal Justice Jan 07 2021 The criminal justice system is wide ranging: it covers crimes, policing, the sentencing of offenders, and prisons. This title draws upon the latest research and current practices from around the world. Focusing on the adversarial model of justice found in common law countries such as the US, UK, Canada, and Australia, it discusses topics such as the uses of imprisonment, the effects of capital punishment, and the purposes of sentencing. Considering the role of the victim, as well as public knowledge and attitudes towards criminal justice, it assesses the way in which the system functions.

Comparative Criminal Justice Aug 14 2021 This book offers an accessible introduction to comparative criminal justice and examines and reflects on the ways different countries and jurisdictions deal with the main stages in the criminal justice process, from policing to sentencing. This popular bestseller has been fully updated and expanded for the third edition. This textbook provides the reader with: a comparative perspective on criminal justice and its main components; a knowledge of methodology for comparative research and analysis; an understanding of the emerging concepts in comparative criminal justice, such as security, surveillance, retribution and rehabilitation; a discussion of global trends such as the global drop in crime, the punitive turn, penal populism, privatization, international policing and international criminal tribunals. The new edition has been fully updated to keep abreast with this growing field of study and research, including increased coverage of the challenge of globalization and its role and influence on criminal justice systems around the world. Topics such as state crime, genocide and the international criminal court have also grown in prominence since the publication of the last edition and are given increased coverage. This book will be perfect reading for advanced undergraduates and postgraduates taking courses in comparative criminal justice and those who are engaged in the study of global responses to crime. New features such as lists of further reading, study questions and boxed case studies help bring comparative criminal justice alive for students and instructors alike.

INTRODUCTION TO CRIMINAL JUSTICE May 23 2022 Introduction to Criminal Justice is the perfect text for students who are interested in pursuing a career in criminal justice and for those who simply want to learn more about the criminal justice system. The authors' combined experience of more than 50 years in teaching introduction to criminal justice as well as working in the field -- Bohm as a correctional officer and Haley as a police officer -- come through in their accessible yet comprehensive presentation. They make it easy for readers to understand that much of what the public "knows" about criminal justice in the United States is myth, and help students learn the truth about the U.S. criminal justice system. With the CourseSmart eTextbook version of this title, students can save up to 50% off the cost of a print book, reduce their impact on the environment, and access powerful web tools for learning. Faculty can also review and compare the full text online without having to wait for a print desk copy. CourseSmart is an online eTextbook, which means users need to be connected to the internet in order to access. Students can also print sections of the book for maximum portability.

Understanding Criminal Justice Dec 18 2021 Few subjects provoke as much public fascination and political concern as crime, criminality, criminology, and criminal justice policy and practice.

Understanding Criminal Justice seeks to provide students with a critical introduction to the range of theoretical, policy and operational issues faced by the criminal justice system in England, Wales, Scotland and Northern Ireland at the beginning of the twenty-first century. It anticipates little or no prior knowledge of criminal justice, and seeks to provide an introduction to the area. This critical textbook provides both a thorough overview of the procedures central to the workings of the criminal justice system and a distillation of the topical debates that surround it. It outlines the political and historical context, detailing key procedures and challenging students to engage with current debates. Containing chapters on policing, prosecution, community justice and alternative modes of justice, this text provides a comprehensive coverage of the key topics included within undergraduate criminology programmes at an introductory level. Written in a lively and accessible style, this book will also be of interest to general readers and practitioners in the criminal justice system.

History of Criminal Justice Aug 26 2022 Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times

to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories. The text concludes with a chapter that addresses terrorism and homeland security. * Spans all of western history, and examines the core beliefs about human nature and society that informed the development of criminal justice systems. The fifth edition gives increased coverage of American law enforcement, corrections, and legal systems * Each chapter is enhanced with supplemental "Timeline," "Time Capsule," and "Featured Outlaw" boxes as well as discussion questions, notes and problems * Contains discussion questions, notes, learning objectives, key terms lists, biographical vignettes of key historical figures, and "History Today" exercises to engage the reader and encourage critical thinking
