The Pain Tree tells stories that speak to all aspects of Jamaican life. Among the characters we hear from are: poor folk making the best of past hardships (“Coal”); rich folk plotting future selfishness (“The Goodness of My Heart”); an old man, familiar with darkness, who discovers in foreign capitalism a force even he cannot control (“Boxed-In”); a young girl, uprooted to a new country, forced to shoulder her mother’s unspoken burdens in addition to her own (“Lollipop”).

Bookending these are two powerful stories about the inextricability of home and history: in “The Pain Tree,” the protagonist comes to realize the love she has abandoned, and the pain she has left behind; in “Flying,” the lead character, searching for that which has been missing most of his life, comes home for good. Senior navigates the hills and valleys of narrative with natural ease, interweaving thick strands of emotion and insight yet never losing sight of a story’s ebb and flow. Her Pain Tree is an engaging, thought-provoking read that transports readers fully to another place, where the unfamiliar and exciting clash and commingle with the universal. The debate over the concept of world literature, which has been taking place with renewed intensity over the last twenty years, is tightly bound up with the issues of global interconnectedness in a polycentric world. Most recently, critiques of globalization-related conceptualizations, in particular, have made themselves heard: to what extent is the concept of world literature too closely connected with the political and economic dynamics of globalization? Such questions cannot be answered simply through theoretical debate. The material side of the production of world literature must therefore be more strongly integrated into the conversation than it has been. Using the example of Latin American literatures, this volume demonstrates the concrete construction processes of world literature. To that purpose, archival materials have been analyzed here: notes, travel reports, and correspondence between publishers and authors. The Latin American examples provide particularly rich information about the processes of institutionalization in the Western world, as well as new perspectives for a contemporary mapping of world literature beyond the established dynamics of canonization. In one volume, this edited collection provides both a theoretical and praxis-driven engagement with teaching world literature, focusing on various aspects of critical pedagogy. Included are nine praxis-driven essays by instructors who have taught world literature courses at the university level. The story of literature in sixteen acts—from Homer to Harry Potter, including *The Tale of Genji*, *Don Quixote*, *The Communist Manifesto*, and how they shaped world history In this groundbreaking book, Martin Puchner leads us on a remarkable journey through time and around the globe to reveal the how stories and literature have created the world we have today. Through sixteen foundational texts selected from more than four thousand years of world literature, he shows us how writing has inspired the rise and fall of empires and nations, the spark of philosophical and political ideas, and the birth of religious beliefs. We meet Murasaki, a lady from eleventh-century Japan who wrote the first novel, *The Tale of Genji*, and follow the adventures of Miguel de Cervantes as he battles pirates, both seafaring and literary. We watch Goethe discover world literature in Sicily, and follow the rise in influence of *The Communist Manifesto*. Puchner takes us to Troy, Pergamum, and China, speaks with Nobel laureates Derek Walcott in the Caribbean and Orhan Pamuk in Istanbul, and introduces us to the wordsmiths of the oral epic *Sunjata* in West Africa. This delightful narrative also chronicles the inventions—writing technologies, the printing press, the book itself—that have shaped people, commerce, and history. In a book that Elaine Scarry has praised as “unique and spellbinding,” Puchner shows how literature turned our planet into a written world. Praise for *The Written World* “It’s with exhilaration . . . that one hails Martin Puchner’s book, which asserts not merely the importance of literature but its all-importance. . . . Storytelling is as human as breathing.”—*The New York Times Book Review* “Puchner has a keen eye for the ironies of history. . . . His ideal is ‘world literature,’ a phrase he borrows from Goethe. . . . The breathtaking scope and infectious enthusiasm of this book are a tribute to that ideal.”—*The Sunday Times (U.K.)* “Enthralling . . . Perfect reading for a long chilly night . . . [Puchner] brings these works and their origins to vivid life.”—*BookPage* “Well worth a read, to find out how come we read.”—Margaret Atwood, via Twitter
