Americans spend more than \$11 billion a year on self-help products—everything from books to diet pills to career coaches to seminars. So why—with all this time, money, and energy being spent—are so few people living the life they really want? Why are millions of smart, talented, motivated people still going through life with one foot on the brake? Here's the real Secret: You don't need any more how-to-succeed information to reach your full potential. The problem isn't lack of motivation or lack of information. The real problem is that most people focus on the "how-to" aspects of success taught by traditional self-help programs, without coming to terms with what productivity expert Noah St. John calls your "head trash"—the subconscious, emotional roadblocks that prevent people from acting on their real hopes, dreams, and ambitions. In this groundbreaking book, based on work with thousands of clients around the world, Noah St. John has created a remarkable, step-by-step approach that helps you achieve long-term happiness, success, and wealth. In The Secret Code of Success, you will learn how to: Eliminate the causes of self-sabotage and fear of success Allow yourself to make more money Remove stress while dramatically increasing personal productivity Improve relationships with coworkers, family, and friends Experience enhanced feelings of happiness, connection, and love The Secret Code of Success shows that, when it comes to success, the conscious mind is exactly the wrong place to start. It's only when we first conquer the self-sabotage of our subconscious (which accounts for 90 percent of our behavior) that we can truly begin to enjoy a life filled with success. This insight is at the core of The Secret Code of Success and leads to Noah's revolutionary 7-step method for eliminating these psychological obstacles. True financial freedom and personal success

Looks at the history of a variety of signs, symbols, ciphers, and codes in all areas of society, discussing their development, how codes were broken, and how codes were used in secret societies. Do you know that you are programmed to be who you are at this moment, with all your predicted successes and failures? "Civilizations have been born and completed and then forgot- ten again and again. There is nothing new under the sun. What is has been. All that we learn and discover has existed before" (Colonel James Churchward, 33rd degree Freemason). However, "each generation imagines itself to be more intelli- gent than the one that went before it, and wiser than the one that comes after it" (George Orwell, 33rd degree Freemason). Maybe you've been able to somehow challenge the system in which you've been raised by achieving some things that we- ren't expected in your lifetime while complying with many others that you weren't in favor of, but surely you didn't transform it enough, or you would have lost friends, relatives, jobs and even love. "Anyone who challenges the prevailing orthodoxy finds himself silenced with surprising effectiveness. A genuinely unfashionable opinion is almost never given a fair hearing" (George Orwell, Freemason). Do you remember quitting your dreams? It was supposed to happen. Any advice received from people around you, especi- ally the ones that love you the most, were fabricated to make you follow the same mind programming in which you and them are included so that nobody goes out of it. "If thought corrupts language, language can also corrupt thought" (Geor- ge Orwell, Freemason), and that's how the sentences heard since you were born, from parents, teachers and friends, as well as ideas strongly imposed by the media, conditioned the way you think as an individual. This programming is so strong that interferes with our emoti- ons and affects our personality. Nonetheless, within this book a path is shown to deprogram yourself, develop the power of being aware of the universal truth and change life as much as you want it to be changed. Hopefully, you'll "stretch thinking and awareness" while "uncovering many truths" just like other readers of this bestseller recognized to have accom- plished. We're now living in the Age of Aquarius, and "as Aquarius is an airy, scientific and intellectual sign, the New Faith for this age must be rooted in reason" (Max Heindel, Rosicrucian Fel- lowship). This is the prophecy and this book shows the way to understand it and accept it by alchemically transforming your conscience and spirit for the order of the new world. Taking into consideration the amount of information presen- ted here and the level of simplification applied, this is surely the most empowering,

enlightening, complete and uplifting book you'll ever read in your entire life about gaining wealth, power and health with the law of attraction. Learn about the secret code that is DNA in this vibrant and informative picture book! There's a secret code inside you, a code called DNA. A code that tells your body's cells what they should do each day. It looks like twisted ladders, or tiny, twirling noodles. It makes us into people, instead of into poodles. This book explores all this and more in flowing, rhyming text, explaining cells, DNA, and genetics in a way that is simple and easy for children to understand. But change it has, and Michelle now has to deal with Chad's increasing detachment, while building a new life with her two small children in a place filled with cat-eating coyotes. On top of that, Michelle's oldest friend is turning against marriage while her newest is a little too obsessed with clean taps. And down the redwood-lined street, there's Aishe Herne, a woman who could pick a fight with a silent order of nuns. Aishe has designed her own kind of perfect life, in which there's room for her, her teenage son and no one else. But when cousin Patrick lands in town like a Cockney nemesis, both Aishe and Michelle must begin determined campaigns to regain their grip on the steering wheel of their lives.
