"Pressestimmen A distinguished addition to books in English on Verdi and, more generally, to those on Italian music and musicians of the nineteenth century. . . . Superb.--Opera Quarterly'An extraordinary anthology of reminiscences by a wide-ranging group of people--journalists, musicians, impresarios, or chance acquaintances--who were fortunate enough to have met the reclusive and secretive composer at various moments during his long life. It is without doubt the most fascinating and revealing book ever compiled about this elusive figure who took infinite pains to hide his true personality from posterity. . . . The entire book has been brilliantly researched, organized and edited by Marcello Conati. . . . Each entry has a relevant place within the chronology of Verdi's life, and every reference to an unfamiliar event or name in the text is elaborately explained in the copious footnotes, which often form little informative articles in themselves. . . . On every page, Verdi's warmth, humanity, keen perceptions and fierce artistic independence shine through the words of these observers, who without exception help sharpen our own understanding of the composer.'--New York Times Book Review"

The same can be said for my first encounter with verdi s don carlo 1867 i was in my early teenage years when my uncle gave me a dvd of the opera for christmas and it quickly became my favorite

If we can believe giuseppe verdi if it

were n t for one chance encounter early in his career he might never have written a single great opera in 1840 verdi s second opera king for a day

Verdi did not lose his focus on the storyline while portraying rigoletto s destructive cycle of escaping from the curse and seeking for revenge at the same time he maintained a sharp intricacy for tracing and depicting each and every character s slight emotional change and cleverly weaved it to the lyrics and melody.
