The British SA80 L85 Rifle is the British army?s standard issue bullpup rifle in the last 35 years It?s the most up to date version of it is the SA80 L85 A2 which is in one line with other bullpups like Tavor and Steyr The SA80 L85 is a 5

56 gas operated has a 400 meter range and weighs a little under 5 KG with mag and sight. The SA80 family of infantry weapons has provided the primary assault rifles of the British Army for the last three decades equipping troops in Kosovo Sierra Leone Iraq and Afghanistan. They are still in use to this day despite a troubled history that saw the weapons feature heavily in the news.

In my former military life I never had to hump one of these things through the bush although climbing a 70 foot Jacob s ladder with a Mossberg Model 500 slung is an adventure in its own right but I m sure those who have would agree that the NATO 5 56 has certain advantages that bee very clear to me simply by picking up boxes of 20 rounds of 5 56 and 20 rounds of 30 06 which is the. SA80 Rifle gets an upgrade The SA80 is the designation for a revolutionary family of assault weapons On its initial introduction it proved so accurate that the

Army marksmanship tests had to be redesigned.
