Über den Autor und weitere Mitwirkende Marc Silber is an award-winning professional video producer, photographer, and photography educator who has been successfully working in the field for decades. Marc combines his passion for the visual art of photography with his love of life. He started out learning darkroom skills and the basics of photography at the legendary Peninsula School in Menlo Park, CA, in the '60s, and moved on to hone his skills to professional standards at the famed San Francisco Art Institute, one of the oldest and most prestigious schools of higher education in art and photography in the United States. More recently, Marc has embraced the digital age with a highly popular YouTube show called 'Advancing Your Photography,' which has won several Telly Awards and other recognition for his work there.
