The author has very cleverly hidden clues in the story and lets us solve the mystery as well. I read it in less than a day. It is gripping and keeps you begging for more.?" Guardian.com, children?s reviews Descrizione del libro Thrilling new children?s book for fans of Harry Potter and Murder Most Unladylike L'autore Sophie Cleverly was born in Bath in 1989. She wrote her first story at the age of four, though it used no punctuation and was essentially one long sentence. Thankfully, things have improved somewhat since then, and she has earned a BA in Creative Writing and MA in Writing for Young People from Bath Spa University. Now working as a full-time writer, Sophie lives with her partner in Wiltshire, where she has a house full of books and a garden full of crows. The books largely consist of fantasy and historical novels; many of them for children and young adults. You probably don?t want to know what the crows consist of. The first title in the Scarlet and Ivy series is Sophie?s debut novel, written after Ivy appeared in her head one day and demanded she told the twins? story."
