Special Training for Beginners has proved to be ideal for students of Hungarian who would like to start to speak the language fluently at a very early stage. The volume consists of five sections dealing with the most essential Hungarian grammar structures. Each section contains special training drills and 250 sample sentences on fifty topics. The book is aimed at the development of the learner's fluency in speech through fluency practice drills. Simple Hungarian Series is based on the Speech Plasma Method.

The Speech Plasma Method uses special Speech Fluency Drills to generate a super active area, “speech plasma”, thus producing all the necessary conditions for spontaneous, automatic speech. Once created in your mind, speech plasma acts as a stimulator for further language learning. The bigger and stronger your speech plasma grows, the more fluently you speak, the easier it is to absorb new words and grammar rules, the faster you read, and the better you understand oral texts.
