I get the image to the clipboard no problem I manually open a paint program and paste it in there and the image pastes just fine The problem is that I want to have the user press a command button which calls code to grab the image that is in the clipboard and paste it into my image object on the form and into the blob field for the current Not a dupe as this question is

asking about SQLite specifically as opposed to SQL in general though some of the answers to that question are helpful for this one
