"Recensione ?an exhaustive history of the 911? I wholeheartedly recommend it.? (Oversteer.org.uk) Dalla seconda/terza di copertina Porsche 911: 50 Years provides the Porsche fan with everything he or she could possibly want in a book. All the iconic 911 models are here: the original 901 prototype that set the standard; the legendary RS models that made the Porsche a dominant force on the world's race tracks; the infamous Turbo, the car that kept the performance flame alight during the dark, dismal 1970s; the fabled 959, the Porsche that redefined the term ?supercar?; the 993, last of the original air-cooled models; and the 996, 997, and 991, the liquid-cooled cars that brought the 911 into a new millenium. But more than just telling the story of these cars, author Randy Leffingwell tells the story of the people behind their creation: Ferdinand ?Butzi? Porsche, the son of legendary Porsche founder Ferdinand ?Ferry? Porsche who, along with Erwin Komenda, designed the instantly recognizable 911 shape; Peter W. Schutz, the Porsche CEO who saved the 911 from extinction; and Dr. Helmuth Bott, the mad engineering genius behind many of the groundbreaking technologies that have defined the 911, like fuel injection, turbocharging, and all-wheel-drive. This book also tells the story of the 911 community?the clubs and culture that surround the car. No Porsche fan will want to miss this fantastic book.
